INTERNATIONAL ORGANIZATION OF WOODEN MONEY COLLECTORS

VOL. XXX

JANUARY 1995

ISSUE # 1

Printing history

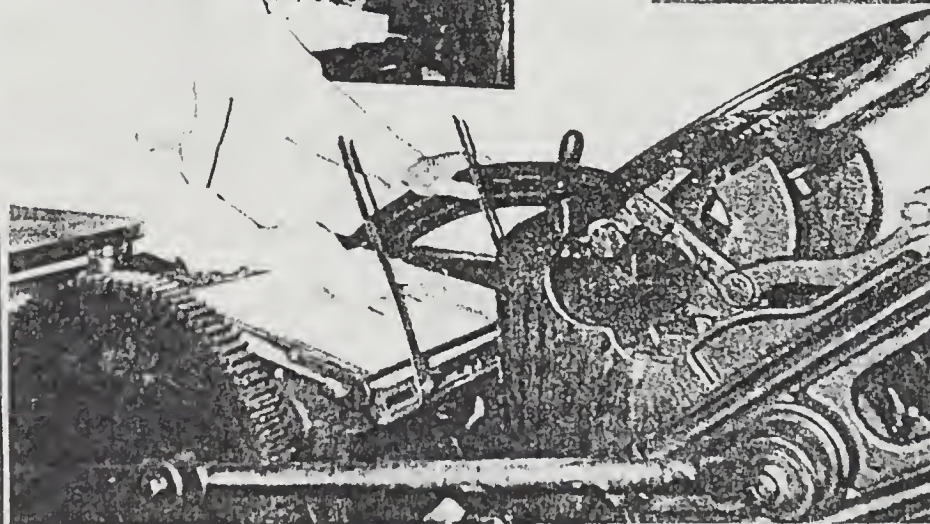

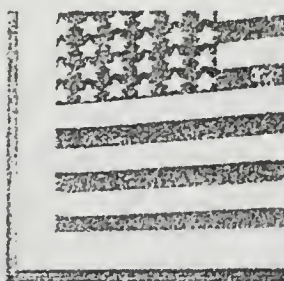

* By Joy Orth - Reporter *

"The story is in the press," asserts Jake Scott, Tenino Museum supporter. He is speaking of the old press housed in the Tenino Depot Museum which has recently been put into service to produce a quantity of limited edition" cards that will be distributed at five stations during Winterfest.

"This press is over 100 years old," Jake says. It was manufactured by Chandler and Price Company of Cleveland Ohio.

Demonstrating how the paste-ink is spread over the raised medal platen, then pressed by the heavy rubber rollers to produce the engraving, Scott explains how museum members are looking for a younger, more dexterous person to learn the operation.

"And it doesn't have to be a man!" he says. Scott and Art Dwelley are two of the few

Historian Jake Scott demonstrates how the museum's press operates and is used to make nostalgic keepsakes such as the Winterfest postcards available this year.

Museum artifact used to print collectibles

persons left in the area who know how to operate the machine.

The recently made cards carry holiday designs which were originally run on this press in years gone by. One is Santa with a Tenino wooden money legend, an angel of joyous tidings, Mary and Joseph with a donkey and other holiday designs.

In order to collect all five of the cards an individual must visit five different stations during Winterfest including the Arts and Craft Demonstrations at the Tenino High School; the Historic Sandstone District centering at Mariannes; the Quilt Display at Tenino Middle School; one at the Tenino Depot Museum and the Wag-on Ride where the last free design card will be given.

Special cards printed on wood--like the original wooden money--will be gifted on sponsors and patrons of Winterfest, including but not limited to: Wolf Haven International, Hedden's Pharmacy, The Tenino Independent, The Tenino Telephone Co. and Thurston County Parks and Recreation.

(Continued next page)

(Continued)

When Tenino wooden money was first printed in December, 1931, it was the leagal wooden money in the nation and it generated worldwide publicity and many copiers. An International Organization of wooden money collectors now exists with many members scouting around for those little chips of wood.

Perhaps those printed cards of 1994 will be collector's items and, yes Jake, the story really is in the old press. The museum and its varied contents are an important part of the Tenino, Washington community.

MOTEL SPACE IN FOSTORIA, OHIO SCARCE

As soon as you read this run to the phone and call the "Days Inn" in Fostoria, OH the phone numbers are 1-800-329-7466 or dirrect to the Inn - 1-419-435-6511. Rates are 1 person \$40.50 - Queen size \$45.00, 2 beds \$49.00 plus local taxes of 8½%. A discount is available for AAA or AARP members. SO make your reservations for our Thirtieth Anniversary Meeting. This is it for motels in Fostoria. It is the Days Inn or your car or some other city. Since they are the only motel in town, you should have guessed they are not very large either so it is first come first served. Snooze and you will not snooze in Fostoria.

We will be holding our registration at the motel and they are providing a room for socializing and wood swapping on Saturday afternoon, so plan on arriving early. Tours of both the local histoical museum and the Fostoria Glass Museum are also planned for Saturday afternoon.

NEEDED IMMEDIATELY! Your imput on what kind of wood should be made for meeting. Should we have a round wooden nickel, a wooden dollar or should we have a wooden flat to honor John Rogers Co.? Once you have made up your mind what kind of wood you would like to see made, we need to know what you would like on the wood.

Saturday dinner menue, and prices will be in the next Bunyan's Chips.

Do you want competitive exhibits at show or just bring what you want to show with no awards for the best exhibit. Sure nice to take home a trophy but sometimes judges get carried away by sheer size or value of a exhibit, overlooking the thought and labor someone put in to telling a story with an exhibit.

Would you like to come to show if you get a ride with someone? Norm is willing to try to act as a car pooler. Drop him a line if you can bring someone (please include the routes you plan on traveling.) or if you would like to come if some one else were doing the driving. If looking for a ride also let Norm know if you would share the gas and tolls.

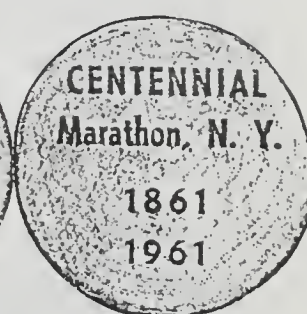

Got any more ideas for activities? Let Norm Boughton or Robbin Quinn know now while we still have time to plan them. Both addresses are in the officers listing-not because we want to see them there but because we want to hear from you. It is YOUR show and meeting! We want you to enjoy it.

SAWDUST - By NORM BOUGHTON
*** HAPPY NEW YEAR! ***

I hope by now all of you are making travel and hotel arrangements for Fostoria, Ohio on March 25 & 26 1995. Need help? Contact Rob Quinn or myself. Our aim is to make this the largest meeting/show "IOWMC" has ever had but we need you to help by participating with your presence!

Santa Claus brought me two unlisted New York woods or maybe even three as I never knew what the listed wood looked like. The early pair is from Marathon NY and while one is listed in the 1976 catalog there is no description of the reverse so I do not know which is the unknown piece. I find no reason to believe either piece is a fantasy piece as they are equally dirty and show no variation in the obverse printing. The 1995 edition of my New York round wooden money catalog will list these pieces at \$7.50 each as I have no way of knowing which, if any, is the scarcer piece.

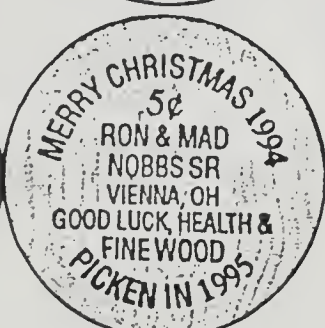

The 1984 piece is from Canajoharie, NY, once the home of Beechnut who made a lot of baby food there and also made one of my favorite candies, Life Savers. This will be listed in the 1995 catalog at \$2.00

No, I do not have any duplicates of either of these pieces. I'll be sending out inquiries to the Town/Village Historian to see if I can learn more about these pieces and possible availability of some for my spring sale list which I plan on distributing to those attending the Fostoria show before mailing anyone a copy. Yes, I'm shameless when it comes to trying to get you to enjoy your hobby.

When making your New Year resolutions, don't forget to make one to send the editor something to put in Chips every month. New grandchildren, family marriages, wood discoveries, historical notes on wood issuing communities, portraits are all of interest to some or all of our members. Why not start an argument with Norm. I understand there is some controversy in the hobby as to what is an official wood. Seems like a round wood that advertises a business is not official but the Erie, PA flats with businesses advertised on them are highly prized collectibles. Let us hear your opinion. Bunyan's Chips is your news letter - USE IT!

1995 Fostoria Coin Club 31 annual C.S. March 26, 95 note Special Guest IOWMC 25¢ each plus a SASE. From: Phil Warrington, 104 S. State Rd # 587, Fostoria, OH 44830 Ph # 419-435-7135

DUES RENEWAL

DUES remain unchanged for yet another year. What has changed is my address. I now have an 80 foot walk to the mail box. Please send in your dues soon so I can avoid the need for a snow blower to get to my mail. Also I wish to say MERRY CHRISTMAS to all members of the I.O.W.M.C.

-- THANK YOU, --

ROBBIN QUINN - Secretary
5295 BEECHWOOD ROAD
RAVENNA, OH 44266

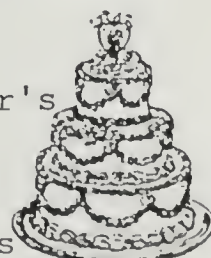

DUES are \$5.00 Regular Members, \$2.50 Associate & Junior Members in the same household. Life Membership \$100.00 can be paid in quarterly or at one time.

1995 MEMBERSHIP DUES

Please check the membership label on this issue of Bunyan's Chips. The 1st. line contains your number and membership expiration date. Hopefully, these numbers are all correct. If your label is correct and it shows 3-95 please send your dues as soon as possible to our secretary Robbin Quinn, 5295 Beechwood Rd., Ravenna, OH 44226. -IF NOT-Renewing? Please drop Robbin a line & let him know why, PLEASE.

1995 DUES ARE DUE

IMPORTANT ANNOUNCEMENT TO ALL WOODEN MONEY HOBBYISTS- PLEASE REPORT EFFORT TO REJUVENATE WOODEN MONEY HOBBY IN NORTHERN CALIFORNIA

Three active northern California wooden money hobbyists and well known coin hobbyists have joined together as an ad hoc committee to revitalize the long dormant Northern California Wooden Money Collectors (NCWMC). They are: Woody Chamblin of Diamond Springs, Gordon Donnell of Berkeley, and Stan Turrini of Vallejo, all California.

This ad hoc committee has scheduled an open reorganizational meeting called for the expressed purpose of revitalizing the NCWMC or if necessary commencing a whole new organization. This meeting will be held at the Twenty Third (23rd) Annual Vallejo Coin and Collectibles Show, on Sunday, May 7, 1995, starting at 12:00 Noon, at Dan Foley Cultural Center, Dan Foley Park, Tuolumne Street At End North Camino Alto, off Serano at Tuolumne, in Vallejo.

The Vallejo Show is a full-day multi-event Show with free admission. There is a nominal \$2.00 parking charge within the Park.

This reorganizational meeting, open to all NCWMC members, wooden money hobbyists and other coin hobbyists is intended to act upon ideas and input to restart the NCWMC or if discussion ordains commence a whole new wooden money organization of the same or different name. Stan Turrini will preside, and the agenda is still pending.

A plea is made to NCWMC members, past and present, and interested wooden money hobbyists to correspond with the ad hoc committee.

The ad hoc committee will also issue a wooden nickel for this reorganizational meeting.

The long years without a newsletter, declining membership, and lack of wooden money issues or any activity or structure have caused these three coin hobbyist to begin serious efforts to do something. The Northern California Numismatic Association (NCNA) has endorsed their efforts and contributed to their initional expenses.

Inquiries are warmly welcomed, and ideas and input are solicited. Write or telephone "Gordon Donnell, 1960 San Antonio, Berkely, California, 94707; Phone # 510-526-0538.

=====

SAWDUST --- by: Norm Boughton

Anyone looking for the eight piece set of Rome NY Fort Stanwix Days woods from 1977 should contact Mr. Franklyn Rudd, 614 North James Street, Rome NY 13440. Send him \$2.00 and a SASE with 55¢ postage for a set or a quarter and SASE with 32¢ postage for a single piece.

The above information was learned as a result of sending out inquiries to every celebration having a special cancelation made by the US Post Office. Since many of these cancels refer to civic celebrations I write a letter to the "Postmaster" where the cancel is being used and request he or she forward the letter to the celebration chairman. I made up a form for the chairman or Postmaster to fill out if woods were made or not. I only do this for New York State. I get information about special cancels from Stamps Magazine published down the road in Hornell NY. Want to try it for your area Drop me a line and I'll send you a sample of what I have done. There is a onus involved-You get some really great looking cancels on your SASE.

Don't bother sending for the cancel from Fostoria, Ohio if you see it mentioned. We will have the info for you in Bunyan's Chips soon. I believe this is the first time the US Post Office has ever made a cancel referring to collecting of wooden nickels.

I'll see you in Fostoria!

ENCLOSED --- Members will find **TICKETS** for a donation **RAFFEL** to be held at the IOWMC 30th Anniversary gathering in Fostoria, Ohio March 25 - 26, 1995. The tickets are 50¢ each if you wish to partisapate. The income will be used to cover some expenses for "wood issues" etc. for the event. All excess will be turned over to the club treasure. Still needed is any donations of wood you may have for the raffel & give aways. Send these to Robbin Quinn, 5295 Beechwood, Ravenna, OH 44266. Woods for the auction or put on consignment, send to: Clint List, RR#2 3280 Route 6, Eastham, MA.02642 Phone # 508-255-0490.

NUMISMATIC NEWS

August 21, 1990

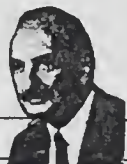

ANA Emerald City Special

Don't take any wooden nickels!

Tenino, Wash., bases its numismatic claim to fame on the fact that it was the first issuing authority for wooden nickels, a direct reaction to the shortage of cash during the Great Depression.

Ed Rochette

"Don't take any wooden nickels." Have you ever wondered who gave birth to this expression? Etymologists, those who study the origins of words, cannot agree as to its source or even arrive at a consensus as to the real meaning of this phrase. Perhaps, if they were to attend the 99th anniversary convention of the American Numismatic Association in Seattle, the word scholars just might find their answer.

It is generally accepted by numismatists that the "first" wooden nickels originated in a small Washington state town approximately an hour's drive south of Seattle. Tenino, not far from the capital at Olympia, is a town that has always enjoyed a reputation for the unique from the beginning.

When the first settlers moved here they could not agree on an appropriate name for their new town, at least not until one compromising individual noted that the site was located 1,090 feet above sea level. He suggested that they name their town *ten-nine-oh*. It is the only town in America that gives its altitude in the same breath as its name.

Originality was to serve the town well, even in times of adversity. In early December 1931, three weeks to the day

before Christmas, the Citizens Bank of Tenino failed. Residents found themselves without money — no cashable checks and no genuine hard cash.

A domino reaction threatened many of the area's businesses. That stalwart of free enterprise, the local chamber of commerce, came to the rescue. It authorized the first issue of wooden money printed in the United States.

Allocating up to 25 percent of the funds remaining on deposit in the bank when it closed to back its currency, the chamber issued scrip to be redeemable at a later date. The substitute currency was to circulate until the assets remaining in the closed banking institution were released.

The first issue of the emergency money was printed on paper. Later releases were made from thin, rectangular sheets of wood laminated together. An uncanceled stamp was also inserted between the layers of wood to give the money "government backing."

Publishers of the *Thurston County Independent*, the town's only newspaper, printed the money. When news of the issue was reported in the press, collectors began writing, requesting the opportunity to buy specimens for their

collections. Various issues, in a melange of values, shapes and sizes, were made over the next four years, until the U.S. Treasury Department stepped in, taking liberty with a familiar phrase.

To the town fathers of Tenino, the government warned, "Don't make any wooden nickels!"

The *Dictionary of American Slang* describes the expression to mean "Goodbye, take care of yourself; protect yourself from trouble;" or, "Don't take any worthless money." The adage is described as a circa 1920s fad.

Dating of the same expression in William and Mary Morris' *Dictionary of Word and Phrase Origins* is skirted by stating: "Just who first used the expression is not known, but it certainly was a long time ago. The United States minted five-cent pieces from the earliest days of the Union, but they were not known as nickels until 1866, because that was the year the first five-cent coins containing nickel were minted."

Numismatists will find points of argument with both sources. The first U.S. coin to be referred to as a "nickel" was not the five-cent piece, but Flying Eagle and early Indian Head cents. Introduced to general circulation in

"KEEP WOOD ALIVE IN 95"

This item is one of several noted in the Numismatic News. ED ROCHETTE at the time IOWMC was formed served as Editor of the Numismatic publication. Ed was a help in forming our Club. At the 1st. gathering Aug. 20, 1964 ANA Convention in Cleveland, Ohio suggested holding a contest to name our Club. The 1st. annual meeting was held in Huston, TX. 1994.

1857, the Flying Eagle cent, being 12 percent nickel, was whitish in color. Then, beginning in 1859, the first Indian Head cents were introduced and until 1864, these, too, were struck in copper-nickel alloy and were often nicknamed "nicks," or "nickels."

Concurrently, during the same time frame, half dimes — silver five-cent

pieces — were in circulation. Not until 1866 did the Treasury introduce the first five-cent nickel coin for commerce. For the next seven years, both silver half dimes and nickel five-cent pieces were produced and circulated simultaneously. To differentiate between the two, the public referred to them as "five-cent silver" or "five-cent nickel," respectively.

After the striking of half dimes was discontinued and these coins disappeared from circulation, the public abbreviated the name of the surviving five-cent to just plain, "nickel." By then, the "white" cents had made their demise and the one-cent piece was being made in bronze.

Still, that does not explain the term, "wooden nickel." It is apparent that the term came first. It may have come from

the joke books of the day.

During the last century, country yokel jokes, predecessors to yesterday's ethnic quips and today's lawyer jokes, were in vogue. There were stories about folk conned into buying wooden seeds to plant, wooden nutmeg to grind, even wooden meat to cook. Chances are some tales told of rubes accepting "wooden nickels" to spend.

But, wooden nickels this country has had and has today. Hopefully, host numismatists from the Pacific Northwest will not overlook the role that wooden nickels have played in the numismatic and financial history of the area and our country.

A display, particularly of those first issues from nearby Tenino, Wash., would not be out of order nor would a souvenir issue or two to bring back from the annual convention.

** PRESIDENT'S MESSAGE ** ELECTION TIME IS COMING

Before a club or organization can function it must have officers. Election time is coming up at our next meeting for the next two years. All offices are open, President, 1st. V.P., 2nd. V.P., Secretary, Treasurer, and one B of Gov. need to be filled. Reports are out that there have been a few coin clubs that have disbanded because no one would serve as officers. This is a shame. If you are a member of a club you should serve when the time comes or if asked. Our nominating committee is: Sally Kirka, Chairman, 116 Oak St. Manchester, CT. 06040-6140, Delmer L. Cushing, P O BOX 88984, Seattle, WA. 98138-2984 and Walter Scott, 413 Delaware Ave., Elkton, MD 21921-6004.

We need volunteers for at least three offices. I would encourage members that have served well previously to again get involved.

Most members have received a fact sheet about the Fostoria, Ohio IOWMC event. Get your reservations into the Days Inn as quick as possible. Our dinner speaker will be the curator of the Fostoria Glass Museum. I'm going to be there as sure wouldn't want to miss this event winding up our 30th. year as a club. I'll also give a talk at this event: "Where Is Our Club Headed".

Norm Boughton and Robbin Quinn have done a tremendous job arranging this event. A chance to meet members, sell and purchase woods, SEE YOU THERE.

ONE OF OUR VERY IMPORTANT MEMBERS HAS DIED

Your President is sorry to report that one of our most important members has died. Tex Ryder died several months ago. SOMEONE'S passing created a vacancy that will be difficult to fill. ELSE has been with us since the beginning of IOWMC and for every one of those years "SOMEONE" did far more than the normal person's share of work. Whenever leadership was mentioned this wonderful person was looked to for inspiration as well as results. SOMEONE ELSE CAN WORK WITH THAT GROUP. Whenever there was a job to do, an event to direct or a meeting to attend one name was on everybody's lips. "Let Someone ELSE do it". It was common knowledge that SOMEONE ELSE was among the great doers in the IOWMC. Whenever there was a job to be done everyone assumed that SOMEONE ELSE would do the job. SOMEONE ELSE was a wonderful person, sometimes appearing superhuman, but a person can only do so much. Where the truth known, everyone expected too much of SOMEONE ELSE. Now SOMEONE ELSE is gone. We wonder what we are going to do. SOMEONE ELSE left a wonderful example to follow but who is going to follow it? Who is going to do the things SOMEONE ELSE did? Remember we can't depend on SOMEONE ELSE anymore. Our sympathy is extended to the family of SOMEONE ELSE.

Denver C. Howard

SAWDUST
by Norm Boughton

Did you ever wonder what the guy looked like on the other end of the pen when you opened a Christmas card, what he or she did for a living, what else they might collect or how old they might be? Perhaps you can now find out!

Since 1967 IOWMC has published Portraits of its members. I have compiled those portraits all into one book. Some are great copies and some are horrible. The first years of Bunyan Chips the editors sometimes used colored paper, colored ink and always used a mimeograph machine, so copy quality varies greatly. In some cases the pictures submitted weren't the greatest either. But in movie language we now have "The Good, The Bad and The Ugly" of are present members into one book. 130 pages, Spiral Bound, Card Cover.

Four people are included because I did the book, that are no longer members. Two by choice and two by death. Want to know who they are? Buy the book.

After working about 20 hours on this project I wish I could send one to each member but my pockets are not that deep. So here's the deal- \$10.00 includes Postage and Handling. Send checks to Norm Boughton, PO Box 93262, Rochester NY 14692 and I'll send you a book.

If you aren't in this book, it is because you never sent in a portrait. If you would like your picture on the front of Bunyan Chips just contact Norm or Scotty, our editor, and we will tell you the details, including the outrageous price-FREE. (Maybe people would be more willing to send in their portraits if we charged!). One excuse I often hear for not doing a portrait is "I don't have a black and white picture." Come to Fostoria, Ohio on March 25 and 26, 1995. Norm will have his magic Polaroid and your image will be preserved for all to see in a future issue of Bunyan Chips.

Remarks from the 1st Vice Pres.
Al Bonesio

We need more interested folks into collecting wood, this is what I am doing: Every now and then I put some of my extra woods in my pocket when I go out shopping etc. I hand them out to clerks and others, and many have never a wooden nickel, this prompts a little talk from me. If I can get one out of a hundred wanting information about a club etc. I feel I have done my job.

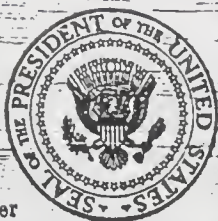

An added note for those whom also collect coins, I have for over 45 yrs. But I will not order the U.S. Mint issued Commemorative Olympic Coins after what was paid to commission members on other commemorative coin issues. Also we don't need any more Kennedy influence by putting Shriver on the coin. (How about a Special Olympic youngster).

The Pioneer Wooden Money Society the only club organized in conjunction with IOWMC will hold a gathering on Saturday April 1st, 1995 at the CPNA annual Coin Show in Lancaster PA at the Farm and Home Center. All Wood Collectors are welcome to attend and get to know each other, trade, swap & participate in their auction of woods. Pennsylvania has had the most wooden money collectors then any other State. Anyone wishing information contact Bob brown, P O BOX 124, High Spire, PA. 17034-0124

Christmas issue for trade or 2 for
50¢ post-paid. From: Bill Morphet,
1020 Yates Ave., Marcus Hook, PA.
19061 (will throw in a Voodoo wood)

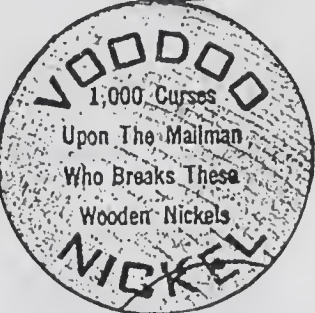

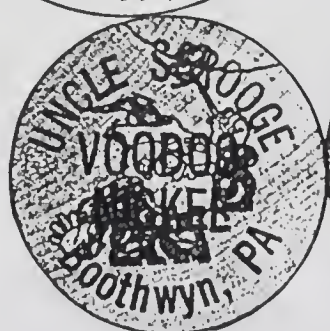

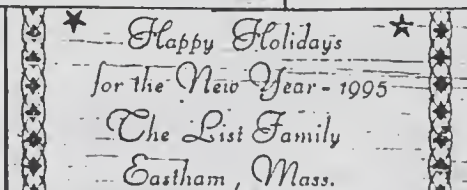

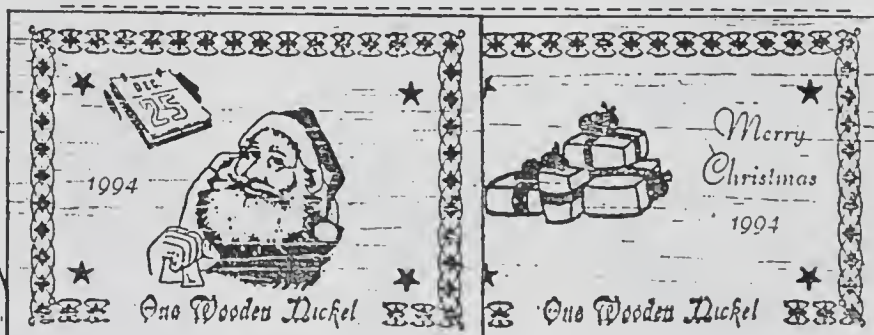

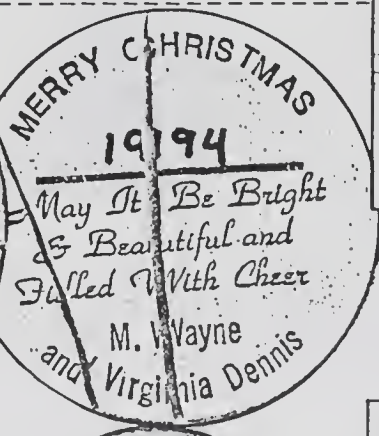

Walter A. Loudon's Christmas issue
is not wood but a very nice bronze
token. Walt is the oldest member in
the wooden money hobby clubs. His
96th. Birthday was January 30, 1995
His Portrait was published in Sept.
1990 # 8 issue of "Bunyan's Chips".
He enjoys notes from fellow woodies
and a present has a good friend to
return a answer. Due to his stroke.

For Sale: Wilmington, Delaware C. C. issues 1983 2" X 3" flat - 25¢ each 1993 round 2 for 25¢ plus a SASE. From: Bill Morphet, 1020 Yates Ave., Marcus hook, PA. 19061

VALENTINE'S DAY and EASTER WOOD issues Obv. (pictures) green, Rev. blue. State Choice - 1, 2, 3, 4. 25¢ each or 5 for \$1.00 plus a SASE 55¢ stamp.

Al Bonesio, 36 Heritage Way, Torrington, CT. 06790-4141

Bill Morphet (Uncle Scrooge) is active again in our hobby. His wood "The Wicked Wizard" Sez 1000 Curses Upon the Postman Who Breaks These Wooden Nickels. I guess a few postman or maintenance man are suffering as two Xmas issues came broke. Elmer fixes them rather good for me. (Ed.)

Four different designs are available for 35 cents each plus a SASE. From: Clint List, RR#2, 3280 Route 6, Eastham, MA. 02642

The 1995 Pacific Northwest Numismatic Assoc. Convention will be held April 14-15 in Portland OR. The association issues woods for their event. Perhaps some of our members can get to meet each other at the event.

WOOD WILL THRIVE IN '95

Norm

REPORT ON THE SAN JOSE CA. COIN CLUB WOODEN MONEY GATHERING

The wooden Money meeting was somewhat disappointing There were only six in attendance. Chuck Luce from San Diego passed out woods for the San Diego Inter-Club Numismatic Council for their 38th Annual Coin-A-Rama July 8-9, 95, Jan Jenke from Fairfield, CA. Ed Pulwider from Pacifica, CA. Bill Bartz from Vallejo, CA. Phil Iversen from Sherman Oaks, CA. in the L.A. area passed out wood for the Society for International Numismatics and two he had made. One saying He Survived the Earthquake in Northridge, CA. and one for Finishing the L.A. Marathon in 1994. Phil is now President of many clubs as well as a past Pres. of others in the past. He was just elected Pres. of CA. State Numismatic Assn. at the show. Our member Gordon Donnell was elected to the Board of Directors of C.S.N.A. the same night.

We all had a lot of fun and talked a lot of wood so it wasn't a total loss. Lots of membership applications were passed out and hopefully we will obtain some new members.

I intend to have another gathering at next years San Jose Coin Club 28th and to get a earlier start on publicity. It is a rather big event of about 150 dealers plus meetings and educational forums. This was the first time that I gotten involved in something like this and learned from my mistakes.

Gordon Donnell 2nd V.P. IOWMC

ROUND WOODS ARE GETTING RISKIER TO MAIL WITHOUT BREAKAGE by Jerry Remick

With ever increasing mechanization for sorting of mail by machines at most post offices, breakage of round woods, even when sent well wrapped inserted in cardboard it is almost impossible to guarantee the safety.

Of the seven gifts of round 1994 Christmas woods I received four envelopes contained woods broken in two or four pieces. The woods in three were packed in very thick cardboard, arrived broken. Three envelopes using cardboard from cardboard from boxes used to ship goods to stores, with a central corrugation and one had a hole cut and wood set into such, and paper glued over it to hold it in place arrived unbroken.

I also received nine envelopes with flat woods in fragile 1/32 inch balsa, hardwood maple and black cherry, some in Christmas cards and some with piece of cardboard for one side only. All wood flats arrived unbroken.

For 1995 I strongly advise sending flat woods for Christmas. If you send a round issue, then make sure they are secured between two thick pieces of heavy cardboard or corrugated cardboard. Office supply stores or perhaps the post office can supply corrugated mailers that have a sealer to hold items. (Editors Note: All reports seem to indicate the Canada postal system are far harder on woods then the U.S. Out of all the woods shown in the past three issues of chips, only the two shown in the breakage item were broke and they come often with very little protection).

EDITOR	-----	WALTER A, SCOTT, 413 DELAWARE AVENUE,	ELKTON, MD 21921-6004

This issue is the second one into my eleventh year, that adds up to 111 issues plus three anniversary programs. The job hasn't gotten any easier and I feel it is time for me to get to many items that have been on the "TUIT" list for quite a few years. Hopefully someone will take over in 1996. Our news letter is the most important item to keep our club alive in future Years. (Scotty)

I.O.W.M.C. MAIL BID - HOW IT WORKS

I have received several letters recently asking how the clubs mail bid works and how to enter bids. Most mail bids are the same to enter. The IOWMC bid works like this. Look over the listing you receive and pick out the woods that you would like to have in your collection. You will notice the listing has a description of the wood in the lot and a lot number. Some listings may also contain a price and the letters m/b for minimum bid. A minimum bid is set by the person consigning the woods and is the lowest he is willing to sell the wood for. If you want it you must bid at least that much. Next list the lot numbers of the woods you want and a bid for each lot you want. On the closing date of the bid I sort the bids out by lot number and the highest bid on each lot wins that lot. I mail all the lots to each winner and include a bill for the total plus instructions to add the amount of postage I had to put on the package. Send no money with your bids.

WHAT IS A LOT? A lot is usually a single wood but may be a set of 2, 3 or more like the same wood with an indian and a buffalo reverse. The lot may contain several different colors of the same wood. Some lots have contained several hundred pieces. My description will tell you how many woods are in the lot.

HOW MUCH TO BID? This depends on how much you want the lot and how much you can afford to spend. After the sale is over I send back your bid sheet and list the amount that all the woods you bid on sold for. This way you will see what the highest bid was on certain types of wood and you can adjust your bidding accordingly. If it is a wood that you want only a little bit, bid a little. If it was a lot that no one else wanted very much than you may win it.

If you get it then good you get a bargain. If it is the one piece that you need to finish a 20 piece set bid higher than you think it may be worth to someone else.

DESCRIPTIONS. I try to describe the lots as well as space and my knowledge allows. Sometimes my description may not be clear enough as a variety of a wood exists. Feel free to ask questions about the lot. Tell me you only want to bid if the indian is facing left or if he is standing or something like that.

If you have any more questions feel free to write and ask.

HAPPY THIRTIETH ANNIVERSARY I.O.W.M.C.

INTERNATIONAL ORGANIZATION OF WOODEN MONEY COLLECTORS

VOL. XXX

ISSUE # 3

City of Postoria

Proclamation

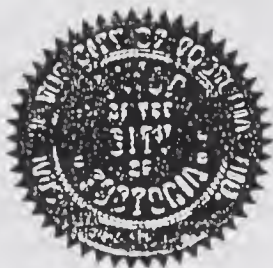

- WHEREAS, Postoria gave birth to The John B. Rogers Company in 1903; and
- WHEREAS, The John B. Rogers Company gained a national reputation staging Outdoor Historical Pageants, and indoor revues; and
- WHEREAS, The John B. Rogers Company produced over 50% of The Wooden Nickels made in The United States, between 1938 and 1954; and
- WHEREAS, The collecting of Wooden Nickels has become an interesting and wholesome activity for thousands of individuals throughout the world; and
- WHEREAS, The International Organization of Wooden Money Collectors will be meeting, in Postoria, on March 25 and 26, 1995; and
- WHEREAS, The United States Postal Service will have a special cancellation available during this week; and
- WHEREAS, The Theme for this 30th Anniversary gathering is:

POSTORIA, OHIO - WHERE WOODEN MONEY GREW UP!

Now, Therefore, I Barbara L. Marley, Mayor of The City of Postoria, Ohio do hereby proclaim the week of March 20-26, 1995 as

"WOODEN MONEY WEEK IN POSTORIA"

and I urge all citizens to extend a typically warm friendly welcome to our out-of-town visitors and do further encourage my fellow Postorians to TAKE ANY WOODEN NICKELS.

In Witness Whereof, I have hereunto set my hand and caused the official Seal of the City of Postoria, Ohio to be affixed this 10th day of February in the year of our Lord, one thousand nine hundred and ninety-five.

Barbara L. Marley, Mayor
City of Postoria, Ohio

"KEEP WOOD ALIVE IN 95"

SOUVENIR WOOD POST CARD

IOWMC Wood Show Fostoria, Ohio. Mar. 25-26, 1995

Tenino might be the birthplace of wooden money but Fostoria is where it grew up. Over 70 percent of the issues between 1931 and 1954 were made for the John Rogers Company of Fostoria. In 1954 they switched to using rounds. Have a nice day with IOWMC in our 31st year.

Hosted by: Fostoria Coin Club

International Organization
of Wooden Money Collectors

FOSTORIA, OHIO

Wood Show March, 25-26 1995

To Commemorate
30th Anniversary Meeting

Wood will thrive in 95-1

ACTUAL POST-CARD SIZE

SAWDUST BY NORM BOUGHTON

Fostoria show is coming along great. All that is needed now to make it a big success is you, your family and friends!

John Lawrence, our wood printer has donated 250 postcards to the club. These will be stamped and canceled, with the first ever US Postal Service cancellation honoring a wooden money meeting, at Fostoria on March 25th, 1995. If you would like one of these historic souvenirs, order it before the show and it will be sent to you after the show or you can pick it up at the meeting. Several of the Fostoria people have asked about getting one or more postcards and with over 250 members these could become an instant collectible. Why only 250? Because it is the first time anything like this has been done. Our feeling was it was better to have too few than too many.

Send your orders to: Norm Boughton, P O BOX 93262, Rochester, NY 14692. Enclose a check made out to IOWMC for \$2.00 for each wooden postcard you want and if you want it mailed add 75 cents for postage and handling charges. No, that is not 75 cents for each postcard. It is 75 cents per order. Want one - send \$2.75. Want 10 - send \$20.75.

See You all in Fostoria-Where wooden money grew up!

MEMBERSHIP EXPIRATION

We are sorry that the membership expiration on your Bunyan's Chips label has caused some confusion.

The process works like this. Robin Quinn, club secretary, receives all dues payments. Every month Rob notifies Norm Boughton who has paid dues during the past month. Norm makes the changes in his computer and sends the labels on to Editor Walter Scott to be applied to mailing envelopes. If your dues arrive the day after Rob has sent Norm the update and Norm don't send Scotty labels for a few weeks, you can see how there might be a ten or twelve weeks delay in you seeing an updated label.

The club has never purchased any computer and Norm volunteered to use his to produce labels in zip code order, a requirement of the Postal Service, if we are going to qualify for lower postal rates needed to keep IOWMC dues at \$5.00. Norm has never charged our club for labels or postage cost a big saving and saves Scotty a lot of work as used to have to make a master sheet and to use it to run label sheets on a copier at considerable cost, time and work of address changes and membership losses and gain,

Putting the expiration date on the labels was done to help remind members of when dues were due so that they wouldn't miss any issues of Chips. It was not done to confuse members or create hardships for anyone. Actually just the opposite is true. Rob feels obligated to send everyone who is being dropped for non-payment a note that they are being dropped. It takes time to write the notes and Rob like Norm and Scotty never asked to be re-embursed for all the postage cost. Got a better way? Tell Denver, Scotty, Robbin or Norm.

A report that Sally Kirka whom has served 3 terms as president of IOWMC. fell down her cellar steps on Feb. 9th. She laid there 4 days and 3 nights. Thanks to he postman noting the mail had not been taken in notified a police officer. The officer found her on the basement floor and called the paramedic and took her to the Manchester Hospital. Sally hasn't been in the best of health for some time, she was able to reach a bottle of soda that most likely kept her alive. She was put on a heart monitor and was rather bruised up and suffered hyperthermea.

The latest report Sally has been transfered to a convalescent home, no broken bones but well bruised. Don't know the length of stay. Send Sally's mail to 116 Oak Street, Manchester, CT. 06040.

Sally would enjoy cards and notes. Her brother is taking mail to her.

* * * * *

Ruby Threlkeld has fallen and is confined to bed, no broken bones, and out look is good. Talked to her by phone. Ruby also appreciates cards and notes. Send to: Ruby Threlkeld, 1028 Azalea Court, La Marque, TX 77568-5845

Reported by: Al Bonesio

=====

Our president Denver Howard a former water filtration plant superintendent is seeking Fort Wayne City Council's 5th District seat. Denver worked at the Three Rivers Plant 24½ years before retiring. We wish him lots of luck.

50th ANNIVERSARIES OF THREE IMPORTANT EVENTS TO COMMEMORATE IN 1995
ON COINS TOKENS, MEDALS, SCRIP AND WOOD By: Jerry Remick

The 50th anniversary of three very important world events that will be commemorated in 1995 by many countries or individuals on collectible items.

(1) The coming existence of the United Nations Oct. 24, 1945.

(2) The end of World War II with Germany on May 7, 1945.

(3) The end of World War II with Japan on August 9, 1945.

A great many countries are expected to issue coins in base metals, silver and gold to mark the 50th anniversary of the United Nations. Perhaps more than any other event than for many others.

Many allied countries will issue coins to mark the end of WW II with Germany and Japan, just as they did in 1933 for the 50th anniversary of the D-Day landings at Normandy Beach on June 6th 1943.

Individuals, businesses, associations and municipalities should consider issuing a token, medal, scrip or wood to mark at least one event. Hopefully one municipality will mark the founding of the United Nations.

Wood printers should consider making dies for flat or round issues so that wooden money collectors can use them to make personal issues.

WOOD ISSUE - depicting Jackson Hose Company, Nyack, NY. was donated with compliments of Jackson Hose, by John Bergin and John Lawrence.

1995 DUES ARE DUE

IL. OAK PARK Coin Club 36th issue (lilac) and 37th issue (blk.) for sale 2 for 50¢ plus a SASE. From: Charles "Wood-Chuck" Warnstedt, 339 Ashford Circle #1, Bartlett, IL. 60103-7478 (sold in pairs only)

HAVE SPECIALLY SELECTED WOODEN NICKELS purchased from the Elbee Co. in the past six years. Many early issues from 1953 on. Accumulations from all 50 states are on hand for immediate shipment. State your needs. 25¢ per wood with minimum order of eight (8) woods. THANKS - Leo J Warren, 25107 Lynda Sue Drive, San Antonio, TX. 78257-1125. (Hopefully I can help you.)

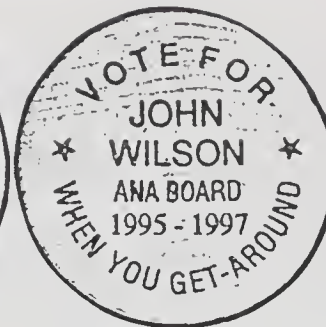

FOR NEWSLETTER

To all Woodies, Lets face it we need a little more postage funds. I am starting a program off with a dollar bill donation for 1995 year, to help a little. This is being sent to the editor, and hope many will follow suit, The editor may note contributors in the newsletter.

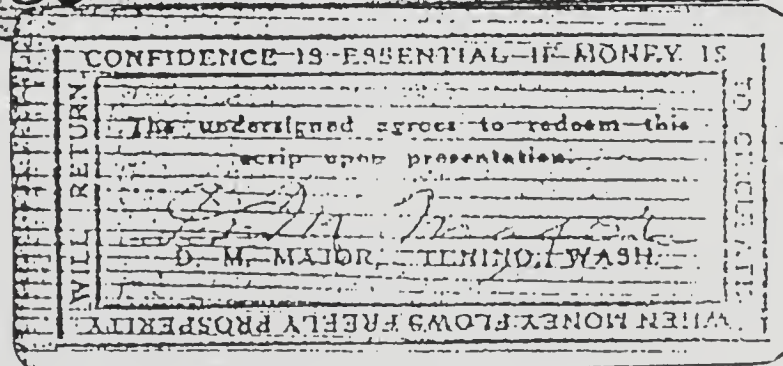

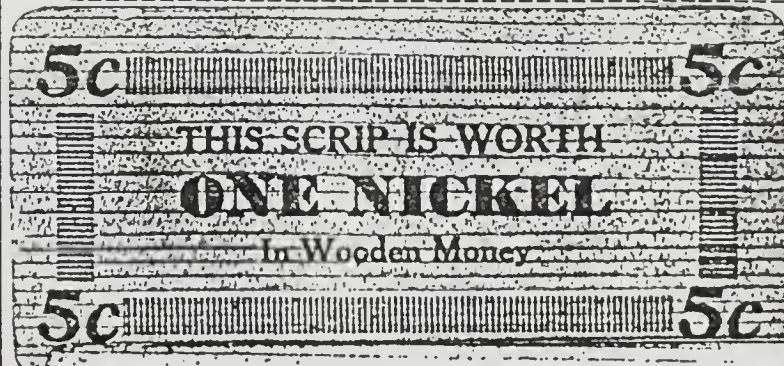

Wish all a good 1995. AL BONESIO

* * * * *
(Editors Note) I gratefully appreciate this offer, but I wish to relate to all of our members that due to a far better price on copy our cost does not exceed the amount that I've used since taking on this task. It is realized when another editor should take over more income may be needed. Due to service being so poor I intend to see if presorted 1st class mailing is within our reach. Scotty

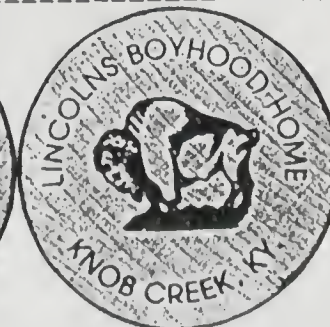

Al Bonesio reports his wood order sent to - B.B. C.C. c/o Mr John Frank, P O Box 23, Birmingham, MI 48012 was returned marked the Box closed unable to forward.

Candidate for B of G in the ANA Wood issue Free for a SASE 32¢ from John Wilson IOWMC # 2049, BOX 27185, Milwaukee, WI. 53227. John has been involved in the ANA for over 17 years. A dedicated exhibitor, collector, speaker, researcher and author. Held responsible positions in the ANA, locally, regionally and nationally.

Can anyone give information on this issue, printed in black and reverse is in red, it is very thin. The Don Major signature is hand signed. Write: Gordon Donnell, 1960 San Antonio, Berkeley, CA 94707-1620 (Editor note: "Don Major" was the father of Wooden Money only wood post-cards and greeting cards preceded it in America. Don did issue several persona issues of wood. Some were listed in the 6th edition of Wooden Money Catalog.)

This issue from Lincolns boyhood home makes the 3rd sent by: Bonnie Wilson, Elizabethtown, KY. to ad to the Assoc. Press release collection.

SAINT ELIGIUS FEATURED ON TWO 1995 WOODS By: Jerry Remick

A 1½" round depicts Saint Eligius seated with a hammer held above his head ready to strike a cylinder containing a pair of dies with a coin blank inserted between them, is available in Canada for a SASE or for 50¢ U.S. residents.

Eligius (588/659 AD) was minter to several kings of France. He was a bishop toward the end of his life. To the best of my knowledge this is the first wood to feature Saint Eligius although over 100 different medals have been made during the past few centuries, as he is considered patron saint for goldsmiths and blacksmiths as well as numismatists. He is more known in Germany and France then in North America. There are two woods showing the same portrait of Eligius on the obverse side. The reverse of one shows Rick Craig (designer of the wood) with personal data with a beaver on top. The Scarborough Coin Club logo is featured on the other. A third wood shows the coin club logo and Craig's personal data. 100 of each were issued. Order from: Rick M. Craig, 81 Invermarge Drive, West Hill, Ontario, M1C-3E8, Canada. Printed in hot foil and if more then one ordered include extra postage as issues need extra protection.

IDENTIFICATION HELP NEEDED BY
NORM BOUGHTON, P O BOX 93262,
ROCHESTER, NY. 14692 Thanks

"THE SOUTH THURSTON HISTORICAL SOCIETY" has a way of thinking about our WOODEN MONEY -- instead of a fund raiser -- we want more people to share in the hobby of collecting WOOD.

We have a new price list, all wood is now Fifty Cents apiece. A set of three has denominations of one dollar, fifty cents, and twenty five cents.

Please send us a few stamps or a little extra for postage.

These are all flats

1974	Set of three	TENINO DEPOT VERY THIN WOOD.

Corvallis Gazette-Times, Corvallis Ore., Thursday, April 4, 1985

STATE'S TOP LIAR IS 25, HANDSOME AND SINGLE

Believe that? Then listen some more to Robert Henderson

By Wendy Madar

of the Gazette-Times

Robert Henderson is the most popular liar in Oregon.

Since he was declared champion of a Liar's Workshop last summer at Oregon State University, Henderson has lied his way from the coast to The Dalles and entertained groups ranging from ranchers to prison inmates.

A tall tale about the wonders of hummingbird fertilizer made Henderson's reputation. It was quoted in part in the Gazette-Times and picked up by newspapers around the country. That publicity lead to a threat of a \$2 million lawsuit by the Hummingbird Fertilizer Co. of America, based in Carmel, Calif. The suit, of course, was also a joke by a former OSU professor.

Henderson, 71, a retired administrator with the College of Agriculture at OSU, said he started lying years ago to liven talks to high school students about careers in agriculture. He now carries in his wallet frayed copies of slides he used to show the students: A monstrously swaybacked horse bred "... to help during the energy crisis — it doesn't require as much energy to mount, and suits politicians accustomed to dragging their feet"; a chicken standing while laying an egg, for which she "... got a standing ovation, but now researchers are breeding chickens with improved LSI — low squat index — to reduce cracking from dropping eggs."

The springboard for much of Henderson's humor is a 30-year-old sequoia in his backyard. Setting toe to heel, Henderson stepped off the tree's measurement. "You see, it's 9 feet in diameter at the base and 5 feet at breast height — at first I had trouble finding the breasts and thought it must be a male tree."

Droppings from hummingbirds and the cuckoo in his clock made the tree a precocious giant, Henderson said, but he branched out in his fertil-

izer research and started using shredded political speeches. Nixon's speeches on law and order were terrific, he said, but Carter's didn't have much poop to them.

Reagan's speeches, particularly those on balancing the budget, are so rich he now has to trim the tree four times a year. Instead of throwing out the limbs he slices them into wooden nickels. Printed on the nickels is a slogan that gives away Henderson's other addiction — "Henderson Enterprises . . . Buys, Sells and Appraises Coins."

From a desk cluttered with invoices, jars of old coins, a magnifying glass and other paraphernalia, Henderson deals coins in a retirement business that handles up to \$1 million worth of merchandise per year.

Although he admires a good lie, he has no use, he said, for the widespread false advertising that sucks in many naive coin collectors who then pay more than coins are worth.

Helped by his wife, Alice, who says her husband never does anything by halves, Henderson often works until 1 a.m. to handle all the orders. Many of his customers are hooked on coins, but there's also a growing number of people buying gold and silver money as an investment. Henderson thinks this is wise because the U.S. economy is so unstable.

"Some people could argue that if this money were put into stocks it could help the economy by creating capital," he said. "But I argue that the bankers have got the system into such trouble, we need to have insurance against a collapse."

Henderson said people can have coins assessed at no cost at a coin and stamp show from 10 a.m. to 5 p.m. on May 5 at Nendels Inn, 1550 N.W. 9th St.

Henderson said he was persuaded to tell his whoppers last year only because he believes Americans are losing a fine storytelling tradition by turning to electronic entertainment.

"And of course, I did my best because I didn't want to be known as a second-rate liar."

1977 Reading Coin Club issue (black)
2 for 35¢ plus a SASE. From: Bill
Morphet, 1020 Yates Ave., Marcus Hook,
PA. 19061

The Fostoria, Ohio get to gather was a roaring success. Most everyone had a good time with very good tours and very fine talks at our banquet, Norm and Robbin did a fine job.

Our meeting of members brought out several ways that the club can help its members especially new members. Many thought the sold woods from the bid list should be published in the news letter to give members some idea as to what the lots sold for. Some members stated that they were afraid to bid thinking their bid would be an insult. These people were encouraged to bid regardless.

Bill Snider stated that more members should use the news letter to trade and sell their woods. The newsletter is a useful tool to accomplish this.

Also some thought the birthday and anniversary list should be published earlier so some people could send cards. Their birthday could be over if members receive their newsletter in the middle of the month.

Our next big step for the club is to get a slate of officers for our next two years. We need members to come forward. I would certainly not want this club to fold because we have no members willing to serve as officers or on the various committees. This has happened to several coin clubs in time.

It would be great if we could have as good of a turnout at our annual meeting at the ANA convention at Anaheim, California the week of August 16-20, 1995. The date and time of our meeting will be published as soon as it is obtained from the ANA.

Denver Howard - President - 1993/1995

ANNUAL MEETING RAFFLE --- Enclosed are tickets for the raffle to be held at our annual meeting in CA. The tickets are 50¢ each. Proceeds help to keep our membership fee at the same rate and fund club projects. Any items one may wish to donate for prizes will be greatly appreciated. Denver Howard is serving as chairman of this project for the 2nd year.

DUES - If your membership label shows "EXPIRES 3-95" this is the last unyan's Chips you will receive. If you are leaving because the club did not meet your expectations please drop a line to Robbin Quinn or Denver Howard. With the less than 400 members it is possible no one ever thought of what is important to you. Give us your input and maybe we can do something about your concerns. Without your input we have no hope.

INFORMATION BOOK - Several members at the Fostoria meeting mentioned the lack of basic information available. Norm Boughton will be glad to compile a booklet of answers if you will submit the questions. Want to know where to get woods made? Want to know where to buy supplies for storing woods and ideas for storing woods? How about what SASE means? Or how to submit items to the club auction? Or how to bid at auctions?

You supply the questions and Norm will try to find the answers and put them into a booklet that can be sent to each member. Send your questions to - Norm Boughton, P O BOX 93262, Rochester, NY 14692.

Planned publication date: August 1995, so hurry please.

PORTRAITS BOOK - Would you like a book that includes the "Portraits" of our present members as they appeared in Bunyan Chips? Such a book exist and only cost \$10.00 postpaid from Norm Boughton, P O BOX 93262, Rochester, NY 14692.

Norm also has a Spring 1995 wooden money price list available. Want one? Send \$1.00 to Norm, the \$1.00 will be refunded if you order \$10.00 from this Spring '95 list. As usual all prices on the Spring '95 list are postpaid.

The wooden nickel from Mannington that I asked about in Feb. Chips has been identified as Mannington, WV. Thanks to Norm Boughton and Bob Kirk.

The issue Norm asked about in March Chips with 250 Anniv. of Old Abington, is probley from my neck of the woods. Abington and Rockland are neighbors and I have a similar piece from Pembroke, with the same date and design.

Fred Wersan R-416

CATTLE CALL,
CALIFORNIA - 1970

The most beautiful city in Imperial Valley and the second largest in California. This bustling town is the host to the Brawley Cattle Call and has a motto - "WHERE IT'S SUN-DAY DAY."

It took about 65 years; but the magic water has transformed the valley from an unwanted wasteland to one of the richest oases in the world. It has a year round growing season which produces \$325,000.00 in agricultural products each year. The Valley holds the second oldest water rights to the Colorado River. There is more miles of canals than roadways in the Valley and soil conditions are ideal for many crops.

The City of Brawley purchased a plot of land with the intent of making a rodeo arena and appointed a Rodeo Committee to oversee it. The city officials realized Brawley had no annual celebrations so they held a contest to create a name. Cattle Call emerged as their annual celebration which has been very important to Brawley and creates economic wonders each fall. A good choice for the name due to the many feed lots and cattlemen. After all, Brawley claims to produce more beef in pounds (on the hoof) than any other area in the world. Cattlemen, who are in the know, say 750,000 head of cattle go through the feed lots annually and produce \$70,000,000.00 in business.

The Cattle Call has made a name for itself, alongside the Pendleton Round-Up (Oregon); Frontier Days (Cheyenne, WY.); and Calgary Stampede (Canada). When Cattle Call is mentioned in the West, all rodeo fans think of Brawley. This cattle town and even its non-cattle citizens are proud of its place in the livestock world.

In 1970, the 14th Annual Cattle Call was drawing near. They needed a Grand Marshall for the parade so they asked Slim Pickens. You have probably seen him in several western movies, if not, you missed some laughs. They say he is a cross between a grizzly bear

and the big rock candy mountain. His parents named him with a name he never liked but it was his name (Slim). An odd name for a man who weighed 240 pounds (1970).

Of course, the man behind the microphone was Chuck Parkison. He has handled all the annual Rodeos at Brawley except one and was twice honored as National Finals Rodeo Announcer.

In 1970, the City of Brawley, CA issued a fourteen (14) piece set of wooden money for their 14th Annual Cattle Call and Rodeo. One piece is official issued by the Chamber of Commerce; the thirteen (13) pieces are semi-official, issued by thirteen different businesses. They are all blue in color on a 1½" wood disc. Hope you were able to secure a set for your collection and become part of the Brawley economic boom which happens every November at the Brawley Cattle Call.

If you weren't one of fortunate ones who shared a great time in Fostoria last month you wouldn't have received this wood. If you'd like one I'll be happy to trade, one for one, or send you one for an S.A.S.E. Write : Lou Vesh, General Delivery, West Guilford, Ont. Canada. K0M 2S0.

Cost 2-for 50¢ plus a SASE from: Bob Henderson, P O BOX 828, Corvallis, OR 97339.

Personal Issue (grn.) available for a #10 SASE. From: Steve Corey, P O BOX 267, Najave, CA 93502

The 1995 Wooden dollar that announces the Prescott, Arizona, Coin Club's 21st annual coin, stamp, and sports card show on June 16-18 also commemorates the 90th anniversary of the Elks Theater. The obverse, printed in black, gives the show information; and the reverse, printed in red, depicts part of the theater's interior.

Originally, only a lodge for the Benevolent and Protective Order of Elks was to be built. However, the public intervened, requesting that a theater be

included in the design. As a result, the three-story building featured a theater on the 1st floor, offices on the 2nd floor, and a lodge hall and club room on the 3rd floor. The cost of the building in 1905 was \$65,000.

Since its opening 90 years ago, the Elks Theater has been a statement of Prescott's love for stage and screen productions; and during that time, it has maintained its distinction of being Arizona's only play house that has never shut its doors. The performers the first night was Florence Roberts, described as a "great favorite," who came from Los Angeles to appear in Spanish author Angel Guimera's Marta of the Lowlands. Other notables who appeared in the early years included cowboy star Tom Mix, Madame Ernestine Schumann-Heink, and Sir Harry Lauder, as well as vaudeville troupes from the Orpheum and Major Bowes circuits. Through the years, the theater has also been the site of minstrel shows, high school plays, graduation ceremonies, professional dramas, and several balls because the seats were on runners and could easily be removed.

Although the Elks Theater wasn't the first opera house to be built in Prescott, it was unique because of its acoustics, the dimensions of its stage, the capacity of its scenery loft, and the design of its seating arrangements. In 1983, in a set of recommendations for the rehabilitation of historic Arizona buildings as performing arts facilities, the Arizona Commission on the Arts praised the theater's architectural style and said that the building was "a forerunner of the changing trends of commercial architecture in the early 20th century. Neo-Classical decorative elements are used sparingly on the exterior, yet profusely throughout the theater's interior... Although the opera boxes have been removed, many significant architectural elements, such as the ceiling, still remain; the stage and support areas also have survived and are still usable... The acoustics are superb."

Present-day uses include programs by Prescott College, appearances by Cowboy Poets, a dancers' workshop recital each May, at least one Prescott Fine Arts Association event a year, the Prescottones, an actors' workshop, and the Arizona Jamboree musical shows on weekends throughout the summer months and again before the Christmas holidays.

These wooden dollars can be obtained for 25 cents each plus a SASE. (55¢ postage needed for 3 or more woods) from Sandra Wolf, P O BOX 233, Dewey, AZ 86327. (520) 772-7144)

1995 Casino Chip & Gaming Token Club issues 3 different 2" 3rd. Annual Conv. and 40 years of FUN - 75¢ each "Bigger & Better" 1½" 50¢ each plus 32¢ postage for 1 or 55¢ for 2 or more. From: Richard P Allard, C.C. & GTCC, 3151 No Rainbow Blvd., Box 220, Las Vegas, NV 89108

SAWDUST
by Norm Boughton

"Hold it and they will come!" Our president, Denver Howard opened his remarks at the Fostoria meeting with those words. He will probably never know how much those words meant to me as it was my idea to hold this meeting. NO! NO! I don't mean I did it alone. Far from it. I had the idea and people like Robbin Quinn-did any body ever have a better Co-Chairman? - Denver Howard, Walter Scott, John Lawrence, Ted Wolverton and oh, so many others helped to make it possible. Thank You!

If you ever have a chance to visit Fostoria, Ohio - DO IT. What a great place. The motel staff met every crazy request with a smile and a solution, the Black Cat Restuarant staff stopped serving at the salad course because of an emergency and resumed a half hour later and somehow kept the food delicious besides, the museums provided guided tours especially for our group and the coin club members lugged tables and exhibit frames while telling us how glad they were we came. Thank You Fostoria!

I came away with some nice woods, a unique philatelic-numismatic cover, some great awards from our club and much knowledge of Mr. Charles Foster, once Governor of Ohio and Fostoria's leading citizen and the John Rogers Company, once one of Fostoria's leading industries. The unique PNC was made by cutting a circular hole in one of the Days Inn envelopes and inserting a Wooden Dollar made for the show, having it cancelled with our cancel and then having it signd by myself, Robbin Quinn and Denver Howard to certify the uniqueness. Bidding wasn't as spirited as we had hoped but I did end up spending over \$20.00 for the cover in the auction. It is for sale but at ten times what I paid for it. Interested?

Our editor, Scotty, really knows what makes me happy. The great looking plaque he commissioned for me combines wood and golf and hangs proudly in front of the desk along with the beautiful one Denver presented on behalf of the club.

If your dues were paid at the time of the show you should recieve the clubs wooden dollar with this issue. I have a few left for sale at 50 cents each plus an SASE. Proceeds go to IOWMC, of course.

The beautiful wooden postcards John Lawrence donated to the club for the show are going quickly. If you haven't ordered yours yet, send me a check today for \$2.00 a card and add 75 cents for postage and handling. Make check to IOWMC, please. You might be lucky enough to be one of the few proud owners of these wonderful souvenir cards carrying the only United States Postal Service cancellation ever made for a wooden money club. When you get your cards, send John Lawrence a thank you for donating them. Yes, John will accept your order for your personal woods at the same time.

A couple things came up at the meeting that would benefit the hobby greatly. One was a harder wood than balsa for greeting woods. Anybody know where we can buy scrap laminate at a good price? Another was where to buy supplies like the extra large holders and pages to hold them. If you know please send info to Scotty. A new catalog was frequently mentioned by the newer members. No one knows better than me that this may never come about unless we get a member to do their own state. Interested? Please drop me a line and let's see if we can come up with common format.

To all of you who contributed to the Fostoria meeting by coming, by donating to the raffle, by buying raffle tickets, by buying postcards or just wishing us well, I Thank You!

Friday (24th)

Work was started on the raffle and auction lots. Norm Boughton opened the meeting room that was furnished by the Days Inn. Each member present introduced themselves upon sitting down. Norm had a video on Tenino, Washington. The video was sent to him by Jacob Scott. Jacob is with the South Thurston County Historical Society in Tenino. Footage in the video was made up from home movies taken over the years by locals from Tenino. After the video was seen, the room was set up for wood swapping, fellowship, and paying of dinner. The evening was spent going from room to room doing what wood collectors do best.

Saturday (25th)

Members present on Saturday morning, sat down to an informal breakfast at 8:30 a.m. Norm found an article in the Findlay Courier about wooden money coming to Fostoria on Sunday. This caused enough excitement to help overlook the slow service on getting their breakfast. The meeting room was again opened at 9:36 a.m.. Members settled in for a morning of shop talk, wood trading, paying for raffle tickets, and buying club woods. Highlight for the morning was when Mr. & Mrs. Uline walked in accompanying Wendel and Thelma Morningstar. Club history reflects the fact that they were very instrumental in the forming of our club in 1964. Prior to getting ready for dinner, we had thirty-eight members to go on the tours set up by Norm Boughton. The first tour was with Mr. George Gray who is the curator of the Fostoria Historical Society Museum. The museum houses the belongings of John B. Rogers Co., a room dedicated to Charles Foster, and the cars that were built in Fostoria. Their second tour was with Mr. Mel Murray, Mel is the curator of the Fostoria Glass Museum. Fostoria had thirteen different glass plants at various times from 1886 to 1921. There are over 800 pieces of glass on display currently, and many are over one hundred years old. Dinner was held at the Black Cat restaurant with a total of 43 members and guests. We had a slow start due to waiting for the ambulance to take Lou Vesh to the hospital. Lou fell while in the restroom, so was taken to be checked out. He was back at the Days Inn prior to to club, and everyone was very happy to hear he was alright. Our first guest speaker was Mr. Mel Murray, due to his years as a radio personality, and being well versed at speaking to large groups, he soon had the clubs attention when telling us of his twenty-five year study on the life of Mr. Charles Foster. Mel showed himself to be a good speaker by keeping the attention of 38 wooden money collectors. Our second guest speaker was Mr. George Gray who was meet at the Historical Society museum. George showed some of the wooden flats, program booklets, and records, that were printed up by the John B. Rogers producing company. Prior to the closing of the dinner, Norm turned the proceedings over to the club President, Mr. Denver Howard. Denver thanked the guest speakers for coming and talking to the club. Denver handed out three awards to Norm Boughton for his effort and hard work as Chairman of the wood meet and wood show. Robbin Quinn also received an award for his work as co-chairman of the event. Walter Scott received an award for his work as editor for the past ten years.

Sunday (26th)

Doors opened at 9:00 a.m. at the Uaw hall in Fostoria. The turn out was a record setter for the Fostoria Coin Club, as car after car kept rolling into the parking lot all day. Dealers in coins as well as wooden money were kept busy with questions, sales, and advice about the hobby. Denver Howard called a meeting to order at 1:13 p.m. There were a total of fourteen club members and guests at the meeting. Each was asked to stand and introduce themselves. Denver asked for problems that they were having as members of our club. These were listed by the club secretary, and will be sent to the President & shoh Chairman at a later date. The wood display that was set up was seen by hundreds, and photographed by some newspaper reporters. Club raffle was conducted at 3:16 p.m., and the silent auction was closed at 4:00 p.m. By 5:00 p.m. most club members were gone and the show was closed.

Respectfully submitted;
Robbin A. Quinn
Secretary I.O.W.M.C.

Wooden Nickels To Find Takers At Fostoria Show

By JIM MAURER
Staff Writer

FOSTORIA — Wooden money was born in Tenino, Wash., in 1931. But it matured in Fostoria under the guidance of the J.B. Rogers Co.

Today the flat pieces or round nickel-size "coins" have become collectors' items. The International Order of Wooden Money Collectors (IOWMC) will hold an annual convention during the Fostoria Coin Club convention from 9 a.m. until 5 p.m. Sunday at the UAW Fellowship Hall, Plaza Drive, Fostoria.

The manufacture of the money began in the small Washington community of Tenino in 1931, according to Norm Boughton of Rochester, N.Y. Boughton is chairman of the IOWMC convention, which will feature a 50-foot, two-sided easel-style historical display of all the known wooden money items.

It's a rich history. The local bank in Tenino failed during the Great Depression, and it was 30 miles to the nearest town which had a bank, Boughton said. There was a shortage of change because people were hoarding cash during the period.

The local newspaper and the chamber of commerce decided to alleviate the inconvenience by having wooden quarters, half dollars and dollars printed so merchants could make change.

Meanwhile, since the early 1900s, the J.B. Rogers Co. of Fostoria had been writing pageant scripts, providing costumes and producing shows which detailed a particular area's history. The company used such activities as centennials, sesquicentennials and civic celebrations to provide the backdrop for elaborate productions, complete with fancy costumes.

Local residents would be sought to perform in the productions and dress in period costumes. Some of those costumes have been donated to the Fostoria Historical Society.

In the greatest marketing ploy, Boughton said, the company began circulating 2-inch by 4-inch wooden "coins" which were about one-eighth to one-sixteenth of an inch thick. A merchant would pay 5 cents for the "coin," which would

bear an advertisement and also commemorate the local event. The coins would be given as change during the festival.

People could then redeem the wooden coins at the event's headquarters, by a certain day and time, and receive a nickel for each. But the coins had to be unbroken.

Many times the local residents would forget to cash in the coins or decide to keep them as a souvenir.

"Don't take any wooden nickels," became the catch phrase.

"I think that's where the phrase came from," Boughton said. "People forgot to turn them in."

In 1968, the 62-year-old Boughton was collecting coins when he attended a sesquicentennial celebration in a New York town and saw the round nickels being distributed. He was hooked.

The IOWMC was in its infancy in the late 1960s. Formed in 1964, the collectors' club now offers 11 newsletters yearly and boasts 400 members. It will hold a business meeting during the show.

Club members offer "personal woods" which they have made for Christmas greetings, anniversaries, weddings or birthdays. These are usually distributed on a swap basis, Boughton said.

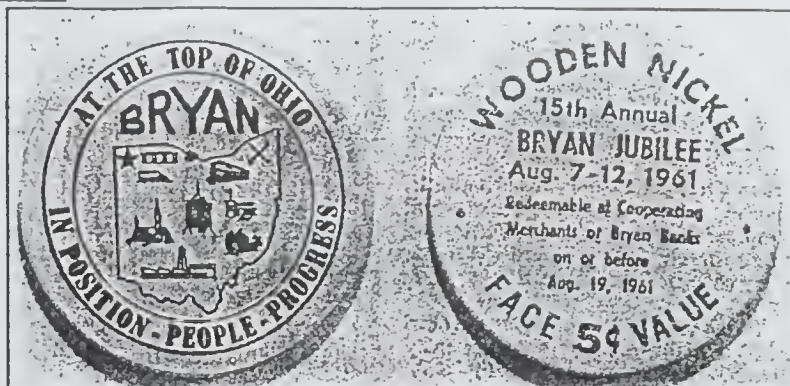

When he arrives in Fostoria on March 24, it will be Boughton's second trip to the city in two months.

In mid-January, he spent several days in Fostoria to establish plans for the exhibit and research the Rogers company at the local library and historical museum.

During the upcoming show, he hopes to find former employees of the J.B. Rogers Co. who may know why, where and how the money was made. The company was closed in 1976 after the country's bicentennial. It was sold to a Pittsburgh company, moved out of state and eventually was closed.

Several wooden coins have been particularly hard to find, according to Boughton. In 1961, Hamilton, N.Y., held its centennial celebration. It issued six colors of round wooden nickels. So far, Boughton hasn't located the brown coin.

Closer to home, when Fostoria celebrated its centennial in 1954,

Photos Courtesy of Coin World

THESE WOODEN COINS are a sampling of the items to be seen at the International Order of Wooden Money Collectors convention in Fostoria Sunday. The coins were mainly used to commemorate an event or festival.

The Rogers Co. made 32 different wooden nickels. The company had a contest to see if someone could collect at least one of each coin. Issuance of one of the coins was stopped when someone successfully collected all the 32 coins.

If you don't have much money, wooden money is a good hobby.

It's not expensive, Boughton said. The coins range in cost from 5 cents to \$100 for an original. Tenino, Wash., piece.

There are between several hundred thousand and a million wooden money pieces in circulation, he said.

Besides serving as a symbol of festivals or anniversaries, the coins track the migration of the population toward the west, he said. At times, pictures of early settlers, pioneers and other "significant people" were placed on the coins.

For instance, a Fostoria-issued coin has a picture of Charles Foster, the city's namesake.

The search for the items is the job of the hobby.

"It's the quest, not the value," Boughton said. "The fun is in the hunt. You take what you can find and then upgrade your collection (with better quality pieces)."

I AM LOOKING FOR "WOODS" round or flat with TRAINS'S ON THEM From anywhere.

Please send listing and cost to:

Patric L. Whalen

P O Box 233

Masury, OH 44436

Woods that were mentioned in the Feb. issue in Chips page 13 may be obtained from: Phil Iversen, P O Box 5207, Sherman Oaks, CA. 91413. Cost is not known. Send a SASE.

INTERNATIONAL ORGANIZATION OF WOODEN MONEY COLLECTORS

I.O.W.M.C. AUCTION WINNERS

Again, we wish to thank the members who made donations to the auction held at Fostoria, Ohio. Below are the final winners and prices realized.

There were a total of Twenty-six donations made towards the Fostoria meeting. Donation's were requested from our general membership, but outside sources gave as well. Thank you to all who spent time and money to give.

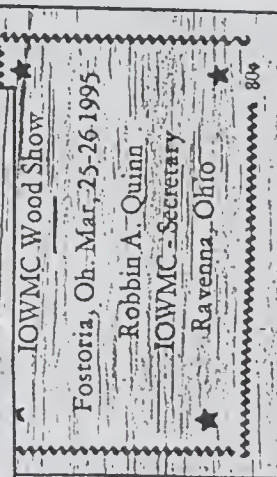

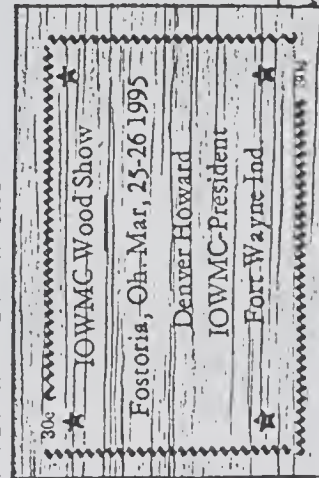

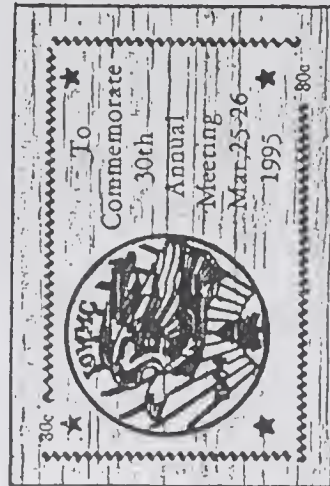

Al Kaika
Pat Whalen
Donald Hanse
Denver Howard
Norm Boughton
Steve Corey
Mark Shorter
Bob Wolverton
Jacob Scott
John Vrbancic
New Egypt Coin Club
C. H. Wilkerson
Ron Nobbs

Dale Tanner
William Carr
Coin World
Jan Henke
Arthur Sloan
L. D. Copan
Bill Manifold
Walter Scott
Lou Vesh
Brian Stone
Norm Belsten
Kazuma Oyama
John Lawrence

A special THANK YOU to John Lawrence for the donation of wood flats to the officers, members, and club wood sales.

Respectfully,
Robbin Quinn

A special THANK YOU to Clinton List for his effort on getting woods to me. Sorry you didn't hit on the gold coin raffle!!!!

THE PARABLE OF A WOODEN NICKEL

Once there was a man who earned his living whittling and he soon became famous for his work. Never satisfied, he was always trying to create something more valuable and lasting.

One day he carved a 'nickel' from a piece of birchwood and became excited with its potential. He could have some fun with it by trying to pass it off as the real thing. Or, he might market it in quantity and make a fortune. There was always the possibility of personalizing it and becoming famous. There were many things he could do with his 'wooden nickel' except give it real meaning and worth.

So it is with life! Many of us are like the whittler trying to make something important of life but in the end, what have we really accomplished?

What is it all worth? Jesus Christ raised an important question when He asked, "What shall it profit a man if he should gain the whole world but lose his own soul?"

THE MAUI PARROTBILL

By: C. Matsuda

High above the northwest slopes of Haleakala, Maui, Hawaii, lives a small population of honeycreepers. These birds seem unusually different with a distinctive parrot-like hooked bill. Found only on Maui they are called the Maui Parrotbill (*pseudo nestor xanthophrys*). These honeycreepers are olive green in color above the wings have a yellow breast and abdomen. There is also a yellow line above theirs with black lores. The yellow line above theirs with black lores. The tails are very short and brown in color. The Maui Parrotbill grows to about five and a half inches in size and forages on the stems and branches of their favorite Koa tree for larvae, pupae, and young beetles. Their curved upper and lower mandibles are efficient tool for foraging in the Maui rainforest. They maybe seen with other native Hawaiian creepers.

The Maui Parrotbill is the obverse of the number sixteen wood in the Hawaiian Endangered Wildlife Series. The reverse of the token is the Heliconia, a relative of the banana, Musaceae family of plants. Many types of Heliconia abound in the Hawaiian rainforest. The one seen on the token is called the Lobster Claw, which resembles the claw of the lobster, as it grows on the stem with its large long leaves. The colors of the claws are red with a dark green trim along the edges.

The Maui Parrotbill token, number sixteen in the Endangered Wildlife Series is available for purchase. Send a stamped self-addressed envelope and 50¢ for each wood token requested. Send to: Honolulu Coin Club, P O Box 6063, Honolulu, Hawaii 96818.

I. O. W. M. C.'s 32nd. ANNUAL MEETING WILL BE HELD ON SATURDAY AUG. 19, 1995 at 9:30 A.M. Location: ANAheim Convention Center in room # A - 15. *** Make Your planes to attend. ***

VILLAGE OF UBLY (HURON COUNTY), MICHIGAN

Uby, Michigan is a small village located in East Central Michigan in Huron County, In 1970 the population was 33,418 and the small village of Uby was only 889.

The people in this small Village are known for their friendly attitude. You are a stranger only once and no tests required to become a member of their population.

The City Fathers say, "The sun shines brighter and the sky is bluer when you live in the Valley where Uby is located." The Village is surrounded by maple trees with the Cass River winding through the heart of the Village.

Uby Village originated as a trade center for the surrounding agricultural area and still fulfills this function today. The first industrial plant was in 1899 when H. B. Hand Condensed Milk Company opened a plant. This plant has continued to operate since that time. In 1918, the Nestles Milk Company purchased the plant and began manufacturing evaporated milk.

From 1900-1970 the Village continued to grow, both with commercial and service businesses..

Today in Uby (1971), the Village consists of a commercial area located at Atwater and Washington Streets. These two streets split the town into four quadrants. South-easterly, south-westerly and north-westerly quadrants basically are residential areas; and the north-easterly is claimed by an industrial area.

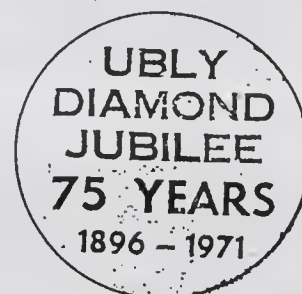

Municipal services include (1971) sewer system, rubbish pick-up once a week (that was free), two wells for their water system with a capacity of 800,000 gallons per day. They also had a library, a village hall, fire station with sixteen firemen and three trucks; a police station with three officers and one patrol car, and the streets were all concrete or black top. Oh yes, they had a clinic with one osteopath doctor, and one dentist with two chairs. Not bad huh? Uby was incorporated September, 1969.

There were schools, recreation areas for all sports, Little League Park, picnic area for tennis, horseshoes, and softball; hiking and snowmobile trails, three golf courses within twenty miles, and hunting and fishing.

Civic Service Clubs were available to your own choosing. Three churches: Catholic, Presbyterian and Methodist. Transportation facilities were also available by either rail, air or truck.

In 1971 Uby issued a wooden nickel: 5¢ (black) for their Diamond Jubilee; and a 5¢ (blue) with no date, for a Home Coming, with a 15¢ face value.

(Black)

(Blue)

Hope everyone was able to secure these two pieces for their collection. If not, oil up your reels, varnish your rods, and lets go fishing. Huron County has Lake Huron on one side and Saginaw Bay on another. Good catches of perch, bass, coho and pike. Not a bad menu for any fisherman or any fisher woman.

M.W.D.

"KEEP WOOD ALIVE IN 95"

PAGE # 33 --

*** PRESIDENTS MESSAGE ***

Raffle tickets are coming in with good response so far. We do how-ever need more prizes to give away. A good prize is a years IOWMC member ship that most of us can use if our ticket is drawn.

As an Arbor Day project for members plant a tree or join a project in your town that does this project. You may get some newspaper coverage as a member of IOWMC the only hobby of collecting money "That Grows On Trees."

The date, time, place and room number for our annual meeting at the American Numismatic Association convention at the Anaheim, California Convention Center August 16-20th has been requested and will be published in Bunyan's Chips as soon as it is known. We always hope for good attendance and a chance to know fellow collectors.

Denver Howard - President

===== **GREAT NEWS** ----- M. Wayne Dennis reported that the 8th. edition of wooden Money has been sent to a printer and hoping to have it ready for collectors in the very near future. The catalog is being dedicated as a memoriam to the late - Tom Hudson.

----- **NOTES:** Sheila Kirk, wife of # R-2032 Robert wrote he'd suffered a massive heart attack April 11, 1995 and had by-pass surgery. Bob is 44 and employed at the Belle, WV. Dupont plant for 21 years.

Bob is a collector of West Virginia woods and has about 587 in his collection, enjoys Chips and notes from collectors.

If anyone has information to share on WV. issues ect. it will cheer him up. His collection is not just a hobby, it is his passion.

His address is - Bob Kirk, 1507 W Riverview Dr., Belle, WV 25015

----- Hello everyone - What a surprise, I received a box from you guys of 32 or so different woods. I must have won one of the raffle drawings as no note . included. This was the first time I Won Anything. Thank you ever so much.. R 1942 Steve Corey.

----- Note from Bill Manifold - Glad the Fostoria show was a success and the club gained new members. I was surprised to receive two packages of woods won in the raffle, but at first wondered why until I remembered I'd donated to the raffle drawing. Sure a surprise and good investment.

----- Regret to learn Rita Stankiewicz of Cheektowaga, NY. will not make our annual meeting in Anaheim, CA. because of poor health and traveling alone. Rita has been in attendance at many of our annual meetings. She wishes our club good attendance.

----- Once again I ask your help on PORTRAITS for our cover page and any item related to wood issues that our news letter can remain interesting that helps retain our membership.

There is no charge for listing any newly located Wood issues as many past issues turn up along with new issues that are not known of. If information known that members can obtain them and cost please include such.

----- Raffle winner Ellen M. Germeo born June 20, 1930 and husband A. Peter celebrated 45 years of Wedded Bliss on May 20th, 1995 at a home party.

----- Member R-1467 Ruby Threlkeld reports she can be up and around part time and worst pain is gone, but will have to live with a bad back. Ruby enjoys notes from members. Address - 1028 Azalea Cts., Lamarque, TX 77568-5845

----- No information on Sally Kirka's health since her very bab fall. I'm sure a card or note will cheer her up. Still gets her mail from present address.

Sally Kirka LM-16, 116 Oak Street, Manchester, CT 06040-6140

VICTORIA, VIRGINIA GOLDEN JUBILEE (1909-1954)

The town of Victoria was conceived in 1906 when the Tidewater Railroad (later known as the Virginian Railway) was built and its shops and division point located half way between Norfolk and Roanoke. Prior to this time, the place, where Victoria now stands, was just plain old farm land and forest lands. The origin of its name has not been clearly established but the most plausible explanation is that R. P. Rogers, builder of the railroad, named it for Queen Victoria of whom he was a great admirer.

In 1906, 549 acres was purchased and was divided up into lots, streets, and alleys and was later incorporated under the name of the town of Victoria. Its first incorporation was by an order of the circuit court in the county of Lunenburg and entered into record on April 1909. The petition stated there was over 700 inhabitants residing within its boundaries.

George Allen, Major #3 resigned November 9, 1915; and was elected to State Senate and was instrumental in having the town incorporated. This was approved April 11, 1916 by the General Assembly of Virginia and this charter is the one the town of Victoria is governed by today (1959).

The first public school in Victoria was 1895. The first head teacher was Sallie Curtis of this three room school. In 1912-1913, the first brick school house was built and is being used today as a school building (1959) Their present high school was built in 1923-1924 and a new elementary school building and cafeteria was built in 1950-1951.

In 1927, the town of Victoria installed and built a system of water works and a system of sewers. Deep wells were dug or drilled for that supply of water so no more piped in water from sub-terranean streams. This served the town of Victoria well up to 1952, when the town authorized the issuance of bonds to provide a surface supply of water for the town of Victoria. So a suitable dam site and land for a reservoir was purchased about four mile from town. This made an adequate supply of water for a town several times the size of Victoria.

IOWMC #2049 is using a RD-TO-IT for his bid as a
Board of Director in the A.N.A. Collectors may
obtain a issue for a SASE or a 32¢ stamp. From:

John Wilson, Box 27185, Milwaukee, WI 53227

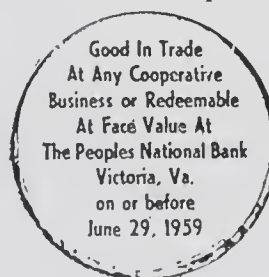

Today, 1954, Victoria is a thriving little town with 2500 inhabitants. Its school enrollment is 750-800 pupils (1959) and has six churches which are prosperous and growing. It has a strong well managed bank with resources ample for financial needs of its citizens. It also has excellent stores and is a chief trading center of south side Virginia.

In 1959, the Golden Jubilee Corporation sponsored by the Chamber of Commerce issued a set of three wooden nickels to commemorate their Jubilee. They were issued in three different colors: black, red, and green; on a 1½" round wood disc. The celebration was held August 2nd thru the 8th; and were redeemable at face value on or before June 29th for the green piece; July 18th for the red piece; and August 4th for the black piece, 1959. They were redeemable at Peoples National Bank in Victoria.

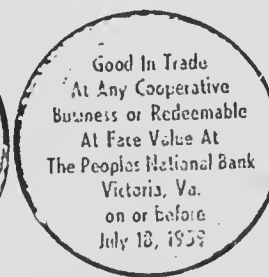

This set is not expensive yet; but are not easy to come by. If you didn't get your set back in 1959-- Good Luck.

Information taken from a souvenir brochure which sold for \$1.00 in 1959 at the Victoria's 1909-1959 Golden Jubilee August 2-8, 1959.

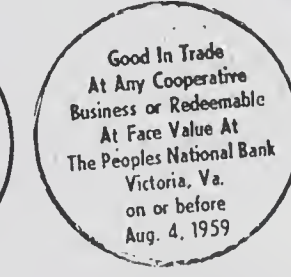

Obverse all the same except for the color.
Reverse all the same, except for color and redemption date.

June 29th-green

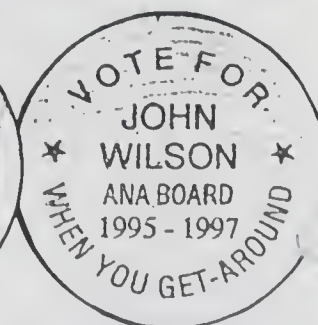

July 18th-red

August 4th-black

6 BARK CONCORD of DARTMOUTH, ENGLAND

By: William A Baker

1973 reconstruction of a sail plan and profile of a shallop, Old Dartmouth Historical Society, 1973.

Cosnold's Concord, the first English vessel known to have visited Buzzards Bay, was referred to by those on board as both a "small bark" and a "ship." Little else was said, except that she was "weake" and her crew was "loth to press her with much sale." Deductions about her form and rig are possible, however, using the evidence of other vessels of her time, particularly those of the explorers, and from shipbuilders' notebooks and pictorial material of the late 16th and early 17th centuries. Based on such evidence, plans for a reconstruction have been drawn by William A. Baker, Curator of the Hart Nautical Museum at the MA. Institute of Technology and designer of the reconstruction "MAYFLOWER II" and the South Carolins, "Ketch Adventure" of 1670.

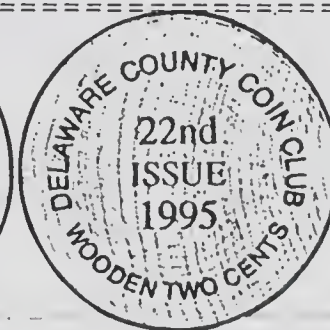

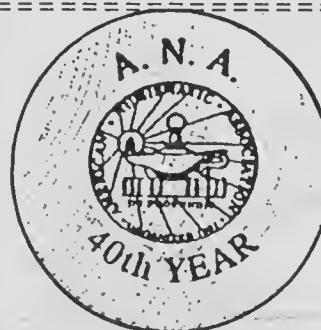

The Concord that resulted is a small vessel of about 50 tons, with a keel length of 39 ft. a breadth of 17'6" to the inside of the planking, and a depth of 8 ft.. The rig is a late 16th. century, a period when the term "bark" more often meant "a little ship" than a specific arrangement of masts and sails.

The new Concord may seem too small to carry a company of 32 and supplies for planting a colony. But of the company, only 8 were "Mariners and Saylers" and only 12 were expected to bring Concord back to England once the settlement was established. We also know that explorers facing unknown hazards clearly favored small vessels. In 1603, for example, Bartholomew Gilbert, who had been with Gosnold on Concord, took the bark Elizabeth of London, 50 tons, to the West Indies, then midway up the Atlantic coast. Gosnold himself, on the Jamestown voyage of 1606-1607, carried about 23 passengers and a crew on Godspeed of only forty tons.

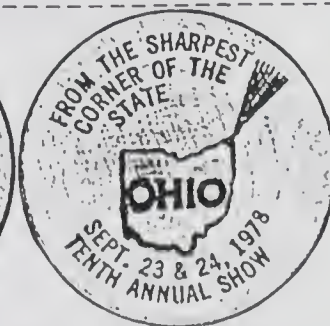

Speculative to a degree, the reconstruction of Concord is based on careful consideration of existing evidence by a naval architect-historian Mr. Baker.

UNLISTED ERIE, PA. 1951 FLAT WOODS

I recently purchased several hundred woods from the estate of Mr. Munsey, a former president of John B. Rodgers Company. (The Evanston, Illinois purchase was from an Illinois dealer, so if you are interested in buying woods please send for my lists. I'm broke!). The following 1951 Erie, PA. flats were found not to be listed in the 1976 Guidebook of Wooden Money. (Riders-on-the-Bay has been known for some time and is listed here to make this a complete list of my unlisted pieces. Are there more?).

<u>NAME</u>	<u>COLOR</u>	<u>NAME</u>	<u>COLOR</u>
BOSTON STORE	GREEN	GERTRUDE DRISCOLL SHOP	BROWN

		RELIABLE HOME FURNISHINGS CO INC	BLUE
100th ANNIVERSARY SERIES	RED	RIDERS-ON-THE-BAY	BLUE
CHARLIES CUT RATE-804 W 18	RED	THE RUSTERHOLTZ CO. SERIES	BLUE
KRESGE	RED	SARDENSON'S-SMART FASHIONS FIRST	BLUE
LAWRENCE PARK SERIES	RED		
PENNSYLVANIA SERIES	RED		

Estimated value is \$10.00 each, because they were still unlisted 25 years after the event.

While the possibility of these being patterns crossed my mind, I have found no way they differ from the regular issues except for name. The fact that Riders-on-the BAY has been known for some time and that my copy came from an Erie, PA dealer also lends doubts to their being patterns. Unfortunately, I learned while in Fostoria that no records exist of either the Rogers Company or of the newspaper that printed many of the Rogers issues. Perhaps records still exist in Erie. Wouldn't it be nice to know what the piece count of each wooden nickel was?

Some of these records still exist about rounds at Elbee Company. Hopefully somebody will take the time to compile it all as Fred Gates is trying to do for New York State before those figures are also lost forever. (I know of several places where woods were burned or thrown in land fill after celebration's were completed, so even knowing what was printed would not tell us amount available but knowing 5000 were made would tell us that pieces should be more common than if only 1000 were made.)

PORTRAITS QUESTIONNAIRE INTERNATIONAL ORGANIZATION OF WOODEN

MONEY COLLECTORS

The purpose of this questionnaire is to obtain information about yourself so that an article can be written about you for BUYAN'S CHIPS which is the organization's monthly newsletter. We encourage you to write your own story, but we will do it if you so desire. Please print. Thank you.

NAME _____ NICKNAME _____

ADDRESS _____

CITY _____ STATE _____ ZIP _____

SPOUSE'S FIRST NAME _____

PLACE OF BIRTH _____

SCHOOLS _____

DEGREES _____

OCCUPATION _____ IF RETIRED LAST OCCUPATION _____

ARMED FORCES SERVICE (BRANCH & DATES) _____

WHAT YOU COLLECT IN WOODS _____

WHAT ELSE DO YOU COLLECT _____

FEATURE OF YOUR COLLECTION _____

HONORS, AWARDS THAT YOU HAVE RECEIVED _____

SPORTS INTEREST _____

OTHER CLUBS THAT YOU ARE A MEMBER _____ LOCAL & CIVIC

Please send a picture of yourself (black and white is best) but a color will do. A picture of you in action collecting your woods would be perfect. We will return picture if requested. Any thing else you may think of can be placed on the back of this sheet. The Portraits section makes it possible for other members to know you exist. This can set up correspondance with other members of our fine organization. Regardless of what you think we are interested in you and what you are doing.

Please return to: Denver C. Howard
6440 Fairfield # 305
Fort Wayne, IN. 46807-3667

OR To Editor

*Please Help - Write up a Portrait
if you have a photo its nice but can
use portrait write-up with out such.
Have used info from letters only. Scotty*

INTERNATIONAL ORGANIZATION OF WOODEN MONEY COLLECTORS

VOL. XXX

JUNE 1995

ISSUE # 6

MEET JERRY H. REMICK

IOWMC # R 1476

Jerome "Jerry" Remick of Sainte Foy, Quebec, co-author of a 1971 Catalogue on British Commonwealth coinage (568 pages) and booklets of the coinages of Jamaica, Dominican Republic and Ireland and member of over 60 numismatic societies, associations and clubs in Canada, United States, Great Britain, South Africa, Australia, Hong Kong and Malaysia, specializes in the coins of the British Commonwealth of Nations, Dominican Republic, Liberia and Ireland; in banknotes of many countries and in Canadian municipal tokens.

Over the past 30 years, he has probably had more than 1500 articles on numismatics and book reviews published in Canadian Coin News, The Canadian Numismatic Association Journal, The Canadian Association of Token Collectors Journal, Numismatics International Bulletin, Spink's Numismatic Circular, various club bulletins in Quebec province and in journals and club bulletins in several British Commonwealth countries. Since 1979, he has had nearly a full page in each issue of Canadian Coin News on new issues of Canadian municipal tokens and medals and more recently another page on the banknotes of various countries. He has had published articles on the banknotes of over 60 foreign countries in Canadian Coin News.

For over 3 decades, he has held the position of field geologist with the Quebec Department of Natural Resources.

In December 1984, he founded "The Association of Personalized Medal Issuers." In February 1985, he founded as editor the quarterly journal "The Personalized Medallist" which is currently ending its 10th year of publication in 1994, averaging 29 pages per issue and often including a free medal with the publication.

Since December 1983, over 50 members of the Association of Personalized Medal Issuers have cut their own personal die with Pressed Metal Products of Vancouver, for one or more issues of 38 mm personalized medals or tokens. There has been an annual issue of personalized medals, beginning in 1984 for Christmas and for the annual convention of the Canadian Numismatic Association.

Jerry himself has made 134 issues of differently designed personal medals, totalling well over 8,000 pieces in copper, gold plated copper, silver plated copper, brass and commercial bronze. This may be a world's record for the number of issues of personal medals by one individual.

Jerry has made suggestions on new issues of coins and banknotes to several Commonwealth governments, including Canada and the Isle of Man. In January 1978, he suggested to the Isle of Man government that they issue a one pound coin and in July 1978, they followed his suggestion and issued one. Great Britain followed in 1983, using nearly the same diameter for their own one pound coin. He also suggested in 1978 they issue a 20 pound note which they did within a year of his suggestion.

Jerry, or Jerome as he is often called by Francophones in Canada, entered numismatics at age 13 when his grandmother gave him a 1919 Newfoundland 50 cent coin which she had found in her change. He started to collect Canadian and Newfoundland coins and continued with this series until he finished his geological studies at University where he completed his Masters degree in geology.

Once he started working, he branched out into British Commonwealth coins by date, except for those of Great Britain, Scotland and Ireland. At the time Jerry started, only some of the British Commonwealth countries had a date list for their coinage and some of these were not complete. So with specimens from his collections and the aid of other collectors, Jerry began the task of completing the date lists for all colonies and members past and present, except those in the United Kingdom, of the British Commonwealth of Nations. This resulted in the first British Commonwealth Coin Catalogue published in 1967, which Jerry co-authored with Mr. Somer James, who did the Canadian, Newfoundland and British sections. A second edition was published in 1969 and the third edition with hardcover in 1971. The 1971 book finalized the date listing of the date series for all British colonies and Commonwealth members. Die varieties which Jerry had noted were also included. Jerry has a few copies still available at \$16.00 postpaid.

Today, Jerry enjoys the beauty of recent, low denomination banknotes from a number of countries. he is also active in personal medals and has designed a few including one for Christmas 1986, the 200th anniversary of the U.S. Constitution, the 200th anniversary of the U.S. Bill of Rights and the Canadian Cents Club. All these dies are available for use by the general public for issues of personal medals.

In 1994, Jerry designed a 38 mm medal in proof for Quebec tourists, showing the Chateau Frontenac Hotel on one side and the St. Louis Gate with horse and buggy on the other side. Copies are available from dealer Ray Desjardin, P.O. Box 11447 Station H, Nepean, Ontario, K2H 7V1. They are in 5 metals at \$6.00 postpaid each.

In July of 1991, Jerry was made a Fellow of the Canadian Numismatic Association and in April of 1994 a Fellow of the Ontario Numismatic Association. In 1989, he was made a Fellow of the South African Numismatic Society.

In 1994, Jerry set up, with the CNA, the Jerome H. Remick III Literary Award, consisting of a certificate and a 2 inch medal to be first awarded in 1995 for the best article in a Canadian Coin Club Bulletin or Newsletter.

For leisure, Jerry enjoys badminton, ice skating and bicycling.

Since 1980, Jerry has issued 71 wood flats and rounds for such occasions as Christmas, CNA Convention, Mothers Day, ect. He still has 6 different Christmas flats left for sale at 50¢ each plus 50¢ per order for postage, 5 Canadian Numismatic Assoc. Conv. 1985, 92, 93 and 1994 rounds, plus 3 rd. portrait woods at 25¢ each, plus 50¢ per order. Write for list of woods for sale. Jerry H Remick, BOX 9183, Ste-Foy PQ, G1V 4B1 Canada.

P L A N - T O - A T T E N D

Penn Ohio Wooden Money Traders have set up a Swap Meet on Sept. 16, 1995 at the Capri Motel, 8033 E. Market St., Warren Ohio the Old Rt 82 East. If interested contact: Ron Nobbs Sr., 3924 Warren Sharon Rd., Vienna, Ohio 44473-9510 (A IOWMC Club member 1580)

Interstate Coin Show, Sept. 2-3, 95. 10 AM 5 PM Sat., 11 AM / 4 PM Sunday. At the Venice Ballroom, East of Hagerstown, MD on US Rte. 40. Buy-sell-trade.

San Antonio, FL. Rattlesnake Festival, the 3rd Saturday in October since 1967. Member Joe Herrmann, P O BOX 108, San Antonio, FL 33576-0108 takes a active part in the Fest. and hands out wooden Nickels.

SALLY KIRKA IS NOW HOME after her serious fall. She is able to get around with a walker and reports it will take her quite a while to write to all the wonderful people whom had written her and sent all the nice get well cards and notes.

TREASURER REPORT as of May 31, 1995

LIFE MEMBER ACCOUNT	\$3,622.99
SAVINGS ACCOUNT	\$2,075.09
CHECKING ACCOUNT	\$3,067.51

Submitted by - E.Ted Wolverton - Treasurer

NEEDED -- Bremerton, WA. 25¢ woods and two Aberdeen, WA. 25¢ woods for the visit of Old Iron Sides 1933, one more Olympia, WA. Oyster Money woods, one Tenino, WA. 50¢ & one \$1.00. Likes to exhibit both sides. If any available Please Contact, state the price wanted.. Gordon Donnell, 1960 San Antonio, Berkley, CA 94707-1620. Gordon exhibited at the Gateway Coin Show and the Cupertino Coin Club Show.

SAWDUST
by Norm Boughton

Just ran across a bunch of "Bunyan Chips" from the 60's and 70's and the same problems we face today seemed to be present then. Two exceptions were there was not enough money then and membership was about two and 1/2 times as large. The goal for 1973 (not met) was 1003 members. Realistic goals for 1995 membership will be more like 405. Wendell Morningstar even remarked in a column about the upcoming tenth anniversary convention that many of our members would not be able to attend a convention in ten years even if it was in their home town.

So what can be done. I wish I knew. Having one national organization might help raise our respect with the rest of the hobby. Getting more publicity for wood might help. Having more new issues would certainly help. What do you think might help? Better yet, what do you think you and I can do to create the respect the hobby deserves? Collecting wood is truly a hobby that is available to all. Money plays little part in obtaining wood. It is not a hobby where those with lots of bucks can accumulate all the great pieces. I've looked for a Hamlin NY brown piece for over 25 years-never turned down a piece for any reason-price, condition, etc.. Noticed Fred Gates ad in May Bunyan Chips for Olean NY pieces-most of which I also need. Used to set up as a dealer in the local coin club shows near Olean and still couldn't get the woods I needed. (So much for the dealers getting all the bargains!). Is that the reason for the lack of respect?-Our hobby is too difficult! Drop me a line with your ideas, please.

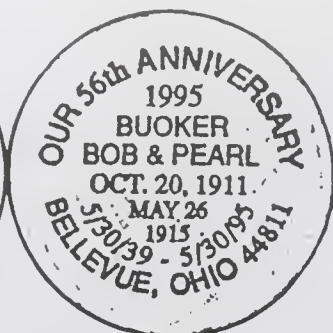

Maurina graduated from St John Fisher College on May 20th, 1995 with a Bachelor of Science degree in Management. Seven years of nights, Saturdays and lots of Sunday studies and she is now a college graduate. An A average while working full time and taking care of me (some think that must be a full time job) is quite an accomplishment. A party will be held at the Clifton Springs Country Club, Clifton Springs, NY on June 25th, 1995. You are all invited.

Golf taking up some of my time now and while wood is still my first hobby, my secondary hobby of collecting items used to mark golf balls on the green and woods, tokens and medals dealing with golf. Also looking for postcards portraying golf courses especially those in New York State. Got any for sale? Ship anything you would like to sell. Please quote price desired.

Heard from the following collectors in the last month or so; Barb Trace, Bill Snyder, Art Sturtevant, Pearl Buocker and Walter Scott. Of course Robbin Quinn and I became such good friends while working on the Fostoria show that he is now been reduced to a number-at least on my fax machine he is number 18. Sure would be proud to add your name to this list. Just noticed that address in the officer listing has been wrong. If you wrote and got it back please write again to Norm Boughton, 324 Surrey Hill Way, Rochester, NY 14623.

OLD WOODS FOUND at a Antique Mall in new condition. 35¢ each or trade for your one wood plus your SASE. Steve Corey, P O BOX 267, Mojave, CA. 93502

FOOD FOR THOUGHT --- Bill Manifold R-1935

Is 25¢ a good price for a wooden nickel? It is if you buy it from a local collector or dealer directly. But if you purchase it by mail with today's exorbitant rates it's a horse of a different color. Original price 25¢, then add postage 2 ways, 2 envelopes and stationary and you are getting pretty close to a buck. If you order two it brings the price down to 62¢ then you have one for your collection and one to trade. Perhaps a better solution is to become acquainted with other members of IOWMC and trade woods. That way each pays postage only one way and you make new friends. A number of members exchanging Christmas greetings this way.

NEW MEMBER BOOKLET

A suggestion has been made that we make a booklet for new members explaining such things as how the auction works, portraits, where to get woods made, where to obtain supplies, how to put an ad in Chips, and club awards.

Would you like to be included as a source of woods or supplies? Send a list of what you can supply to norm Boughton, 324 Surrey Hill Way, Rochester, NY 14623.

Do you have ideas for items that you think should be included? Send those to Norm also.

In accordance with artical IV, section 2 of the I.O.W.M.C Contitution and by - laws, the the following members are to be suspended.

Reinstatement of these members can be done at any time upon the club secretary recieving the late dues from each listed here. Errors in record keeping will be corrected upon proof of prior payment.

SOUVENIR OF HOWARD, GRACE & MARY HARRIS

KNOX, NEW YORK -SESQUICENTENNIAL - 1822-1972

The town of Knox contains the hamlets of Knox and Township. It covers an area of approximately 2600 acres wedged into the northeast corner of Albany County. During the 1970 census, the population was 1819, who lived among the hills and valleys within the boundaries of the Township.

Prior to 1790, the then nameless Township, was known only as a wild mountainous part of West Manor or Rensselaerwyck. At that time Watervliet, the mother of the towns of Albany County was a large area with indefinite boundaries. As the population increased, it was necessary to reduce the large area into smaller units of manageable size. In 1790, Rensselaerville which included the townships of Berne, Westerlo and Knox were separated from the mother town. In 1795, Berne, which was included in the territory now known as Knox, was apportioned from Rensselaerville. February 28, 1822, the town Knox was set off from Berne and entered into history as a separate Township.

The origin of the name of the township has not been fully resolved. Some historians say it was named after Colonel Knox (a Revolutionary War Hero); others say it got its name from John Knox (The Reformer).

The early churches, which followed the early settlers into the wilderness, were powerful forces in their lives. They found strength that enabled them to endure the hardships, loneliness and endless toil. According to historians, the Luthern Church was first organized in 1750. Reformed and rebuilt in 1829 this church was torn down and rebuilt again in 1868. The old church burned in 1930 and was never rebuilt. The parsonage is the present home of Mr. & Mrs. Robert Rock; and legend has it that Mrs. Cock's living room was once a funeral parlor. It was reported there is three Methodist Churches in Knox. Early on, there was a Pressbyterian and Baptish Church, both have been long forgotton as the building have been vacant since the early 1920's.

In 1812, the Common School Act was passed which established public schools. Today (1972) there is fifteen districts all filled up but no double sessions, as yet. However, children in Knox are bussed to and from school like everywhere else. As long as they get an education, thats the name of the game.

Several caves in and around Knox. Most are open for touring and draw a good crowd annually.

One of the most important industries in Knox is the manufacture of the wooden pill boxes. In 1806, Nathan Crary founded the industry and worked and maintained the business nearly sixty years. Knox's pill boxes were synonymous for nearly a hundred years. The pill boxes were made of bass wood. The procedure was as follows: locate a tree in the forest, chop a large chip from the base to see if the wood would split freely. If it did, the trees were sawed (by hand) into blocks and dried

to cure. When dried or cured, the blocks were sliced into shavings with a draw knife (by hand). One of their best customers was Albany College Pharmacy (of course the pill box).

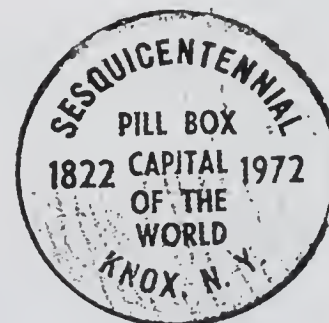

The pioneer forefathrs have given Knox a rich legacy. The descendents of the early settlers continue to work for the community improvements.

The celebration of the 150th year of the towns organization has brought about an immense feeling of unity and civic pride.

During the Sesquicentennial celebration (150 years), a set of five wooden nickels was issued; in five different colors: blue, green, red, brown and purple. All obverses are the same; ditto for the reverses.

These were easy to acquire in 1972. Now 23 years later, they may not be so easy to come by. Hope you all have your sets of these woods.

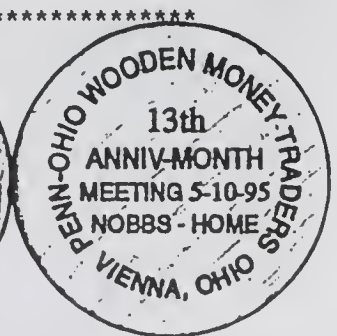

Information for this article came from a small thin paper back booklet acquired in 1972 at the Sesquicentennial celebration. The front shows a picture of the first pill box factory surrounded by Knox, New York - Sesquicentennial 1822-1972.

**HONK WISH
PEARL BOOKER
A HAPPY
80th BIRTHDAY**

Everyone said, "Pearl have a special, wonderful, Birthday" and my 80th birthday certainly was that - and more! Everyone who had A PART IN MY 80th Birthday - Thank you!

Find the part you played. A telephone call; a card - funny or serious; a letter; a toot of the horn; singing; flowers; clown wooden nickels; postal history cards; cake; a bill board; a blouse; wood flat for my 80th; jewelry; a visit; a hug; heart items or just keeping me in your thoughts and/or prayers. There is nothing left to be had - I had it all.

Well the sign appeared around 9 A.M., May 26th - my birthdate, and nothing was the same for several days. There were HONKS morning, noon and night. Wishes came pouring in. Naboring serenaded - "Happy Birthday". The sign--80th-- did it. Had some convinced I was 90 and some 69. You know the sign blew my comments!

All I can say is my 80th was a very unusual birthday, very unusual for any age. To brag a little more, I recieved over 100 cards.

Thank you and God Bless Each and Everyone of you for the part YOU played in making this 80 year old feel 16. (At least for a little bit.) Hope each day has a smile in it for you.

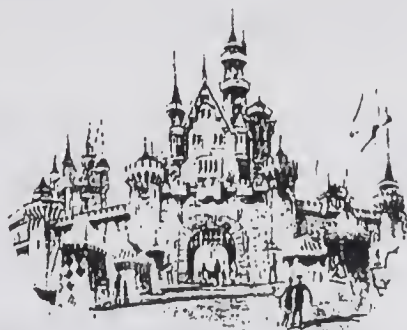

Love, Pearl

IMPORTANT ANNOUNCEMENT TO ALL WOODEN MONEY HOBBYISTS

---NEW WOODEN MONEY GROUP IN ORGANIZATION---

A new wooden money collectors organization, exact name yet to be selected, has been commenced.

As a result of meetings held at the 1994 Fairfield (California) Coin Show and later the 1995 Vallejo (California) Coin Show, several California coin hobbyists, coordinated by Stan Turrini and Gordon Donnell, both well-known California coin hobby activists, have banded together and pledged to assist a new active wooden money group.

At the recently passed Vallejo Show last May 7th, fifteen Charter Members joined and provisional officers were chosen. These are: Stan Turrini, President, Gordon Donnell, Vice-President, Jan Henke, Secretary, and Bill Bartz, Treasurer.

Another meeting has been called for and scheduled on Sunday, September 10, 1995 at the Sixth (6th) Annual Fairfield Coin and Collectibles Show, held at the Suisun Senior Center, 318 Merganser Drive, near intersection of Merganser and Sunset Avenue, Suisun City, California. This open meeting will commence at 12:00 Noon, and the primary agenda items will be name, meeting schedules, wood issues, and selection of committees for rules and such.

All those joining during 1995 will be designated Charter Members, and dues paid in 1995 will be credited also through 1996. The initial dues rate is \$10.00.

Interested fellow wooden money hobbyists are warmly welcomed to correspond to "Gordon Donnell, 1960 San Antonio, Berkeley, California, 94707" or telephone '510-526-0538'. Remittances of \$10.00 will guarantee Charter Membership.

This new association, although an outgrowth of, will be distinct and separate from the long dormant Northern California Wooden Money Collectors (NCWMC), and members of the NCWMC are invited to join.

A preliminary untitled newsletter is planned for July 1995. A complimentary issue will be mailed to fellow coin hobbyists and prospective members upon request. Contact Gordon Donnell at the above address or telephone him at '510-526-0538'.

JULY 1995

ISSUE # 7

BILL MANIFOLD IOWMC # 1935

Bill was born in Chicago, IL. July 2, 1921. Had 2 brothers and 1 sister. Went to Ray, Bret Harte, Kozminski schools and Bowen High.

Spent a lot of time at the big Chicago World's Fair (Century of Progress). We lived on south side in Hyde Park. I was 12 then so had to pay 7 cents to ride the street car. Chuck was younger so rode for half fare - 3¢, a dime total.

As teenagers my brother Chuck and I spent some time in Idaho rip-rapping irrigation canals as members of the CCC (Civilian Conservation Corp.)

Did odd jobs and was working as shipping clerk at Bauer and Black (surgical dressings) when WW 11 broke out. I enlisted in the Army Air Corps and was in service from '42 to '45 where I was a B-17 Bomber pilot in European Theater stationed in England. After I came back from overseas was in charge of a Photo Lab at Marana, Army Air Field, Tucson, AZ.

Attended a couple of photo schools under the GI bill, then opened a photo studio in Blue Island, IL. where I met my wife, Fran. She came from a large family - was one of ten kids. We were married May 5, 1951 and like my parents had 3 boys and 1 girl youngest 30. Now have two wonderful granddaughters, Alysa 7 and Hollie 8½ who can really keep grandpa busy.

We currently reside at 3596 65th St. Saugatuck, MI 49453 which is situated on the shores of beautiful Spring-fed Goshorn lake.

Retired after working 15 years for Holland, MI public school system as Custodial-Maintenance foreman at the High School.

Have been a Collector and Craft person all my life. Collections include Miniatures, bells, elongated coins, woods, etc, but my pride and joy is my PIN Collection, which covers numerous categories.

As for Crafts, you name it I have probably tried it - except knitting and Crocheting.

Now actively involved with our local Historical Society as official photographer-videographer for our museum. We are celebrating our 125th Anniversary.

TO THE NEW MEMBERS AND COLLECTORS
ANSWERS TO SOME OF YOUR INQUIRIES

We had inquiries lately about the wooden money books, when a new edition was coming out, abbreviations, wood issues, and how a person should bid on a mail bid or auction. We offer the following suggestions. No one learns it all overnight. After all this is not a perfect world, so we must all learn by our mistakes.

Number one inquiry is about the Guide Book of Wooden Money. Sixth edition was published in 1966 by Thomas Hudson. It lists all known woods from 1931-1966. This edition lists all known woods in the seven wood categories. ie: official; semi-official; coin clubs, shows and numismatic people; errors; miscellaneous issues; private issues; Canadian and foreign issues. Also has the history of wooden money. This book is still available for \$7.00 plus postage.

First Supplement to the Sixth Edition was published in 1972 by M. Wayne Dennis and Thomas Hudson. This book lists only the Official and Canadian issues from 1966 to 1972. This edition is still available for \$6.00 plus postage.

Seventh Edition of Guide Book of Wooden Money by M. Wayne Dennis and Thomas Hudson has been sold out for several years. This book was published in 1976 for all known issues from 1931-1976 on Official Woods only.

Eighth Edition of Guide Book of Wooden Money by M. Wayne Dennis has been in the print shop since May 25th; but word was received this afternoon that they were delivering the books to us in the morning July 20th. This edition lists all known Official Woods only from 1931-1994. Price will be \$15.00 plus postage. An ample supply will be available at IOWMC's Annual Business Meeting in Anaheim, California this coming August. But, on the other hand, if you will not be able to attend this annual business meeting, you can write M. Wayne Dennis for your copy. ONLY 500 copies were printed.

Another question frequently asked is what the letter means after the wood's name and date? These are abbreviations for the occasion that the wood was issued for. ie: C - Centennial; Bi - Bicentennial; G - Golden Anniversary; C/C - Chamber of Commerce; H/C - Homecoming; etc., etc. You will find an Abbreviation List in each of the wooden money books. In some cases, there will be a letter preceding the denomination and color. These will be found in the oblong wood issues mostly. They spell out the name of the town, or the name of the celebration. When you get one of each letter, you have a complete set. In some cases, there may be more than three denominations and colors.

The next question was - how to bid in an auction or mail bid? No matter what category you collect, you will always have trouble getting every piece you may bid on. Always remember postage when you inquire about wood to anyone. You should send a SASE for a reply. Also, if you read in Bunyan Chips or some other publication of a town's centennial celebration, the article may say 25¢ plus SASE. That is 25¢ plus 32¢ postage for two ways, which makes the wood cost you 89¢. Now, if you missed getting that issue and it comes up on a mail bid, you have an idea of what the wood cost the seller. So you never bid 21¢ or 25¢ for a piece of wood, if you expect to get it. Even if the wood is free, it still will cost you 64¢ postage. Get the picture?? The best advice we can offer is bid your top price that you are willing to pay for a particular piece of wood. We all want to bid the least we can; however, the seller reserves the right to refuse any bid for any reason.

As far as, obtaining a list of prices realized from a mail bid - write the seller requesting the prices; but again send a SASE (self-addressed stamped envelope) for their reply. Most of the time you will receive it.

Hope this has answered a few of your questions. Don't give up, if you don't get every piece of wood that you bid on; someone else may want that same piece you want but more; so they bid more.

M Wayne Dennis, 1852 Golden Shadow Dr., Henderson, NV 89015-8620 (702) 565-1255

Returns for the 1995 California raffle have been coming in very well. If you haven't sent your tickets you better get with it as some very nice prizes can be won and these funds help keep our dues low. Some prizes that can be won to date are:

- | | |
|--|--|
| 1. Five- 25¢ Tenino Woods | 8. 80 Misc. Woods |
| 2. Two flats 1938 New Martinville Centennial | 9. 20 Assorted Woods |
| 3. Moose Jaw Centennial Woods | 10. Electric Fry Pan |
| 4. 60 Chan-Made Woods | 11. Misc. Flat Woods and a US Mint Set |
| 5. 100 Misc. Round and Flat Woods | 12. 50 Misc. Round Woods |
| 6. 50 Misc. Round and Flat Woods | 13. Misc. Round Woods, 12 badges and ladies lotion & cologne |
| 7. Nine - one year memberships | |

One person sent a letter requesting for information about some woods. I forwarded this request to Ted Wolverton but failed to tell who the letter was from. If you haven't received a letter, I've had many letters, please request the information to me again. SORRY.

Received three Portrait information questionnaires. Let's have some more.

Denver C. Howard -- President

SAWDUST -- by Norm Boughton

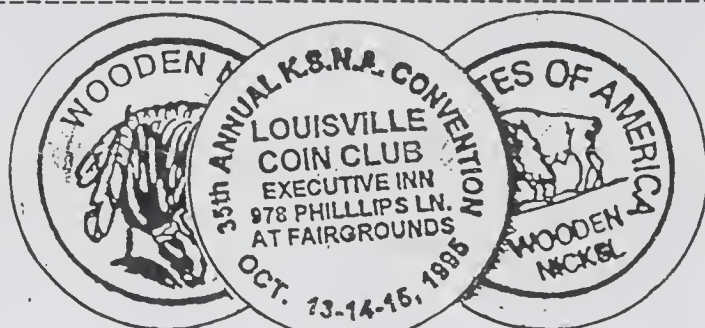

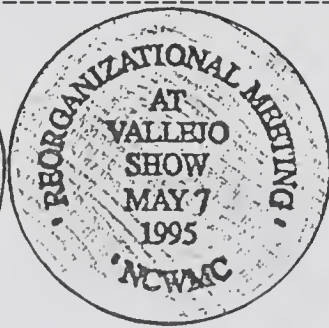

SUMMER -- Glorious Summer! And so far it has been exactly that. Rain has spoiled very few parades, cook-outs or beach parties. In fact Upstate New York is coming very close to a drought condition.

Haven't heard from most of you so, I'm still having problems learning what you would like about our club; what you want from the club and what you would like the club to do. Please send a letter, postcard or if you want a fax can be sent to 1-716-292-6513. I still need info and your questions for our new member book. Without your input it is difficult to anticipate your questions. Need an incentive? I'll send a free Evanston, IL 1951 flat wood to everyone sending a question by September 1st, 1995.

Want two Evanston woods? Send me your ideas for getting more communities to issue woods for their celebrations.

Think I'll head for the golf course and see if I can convince the greens and ground committee to make wooden nickels from those trees I always seem to be hitting along the fairways of the Clifton Springs Country Club. I hope you are able to enjoy summer in similar ways.

WOOD WILL THRIVE IN '95. Especially if YOU cultivate it.

Shown wood issued for "America's Newest" Wooden Money Collectors Club. Initial dues to cover 1995/1996 is \$10.00. Ones joining in 1995 will be Charter members. The next meeting will be held Sept. 10th, 95 at the Suisun City Senior Center, 12-PM (noon), 318 Merganser Dr., Suisun City, CA held in conjunction with the 6th annual Fairfield Coin Show. If interested in club send dues to William Bartz and mail to Gordon Donnell, 1960 San Antonio Ave., Berkeley, CA 94707. Send letters of inquiry on club to Gordon.

FOR SALE: Louisville Coin Club woods. 25¢ each or 5 for \$1.00 plus a SASE. From: Bill Snider, 1127 Oneida Ave., Louisville, KY 40214

HOT OFF THE PRESS. The Eighth Edition of the Guide Book of Wooden Money is now Available.

This edition covers all known Official issues from 1931-1994. Size is 8½ X 11 with a comb binding and a wood-grain cover. The state's name and the city or town, who had the first wooden issue, is highlighted making it easier to locate. The first issues are also marked with an astrick.

The 8th Edition is dedicated to Thomas Brown Hudson. A person who knew more about wooden money, its history and the wood's rarity than any other person I have ever known.

Many hours have gone in the preparation of this compilation to make the 8th Edition as complete as possible. We would appreciate hearing from anyone who has an issue or knows of an issue not listed in this book. Hope this book is well received and will be an ally as you continue your collection.

Eighth Edition of the Guide Book of Wooden Money is available from M. Wayne Dennis, 1852 Golden Shadow Drive, Henderson, NV 89015-8620 for \$15.00 plus \$3.00 (first class) postage. If ordering more than one book, increase postage money accordingly.

I will be at Anaheim for the convention and will do my best for IOWMC's meeting To be held on Saturday Aug. 19th. Board meeting at 9 A.M. general meeting 9:30 A.M. Room A 15 Hope many can make it, Attendies May Get A Surprise.

Dear Members - Since I collect stamps as well as wooden nickels, anyone wishing to obtain our Anniversary Wood, please send a recently issued Commorative stamp plus an SASE. Toni Cichy, 74 Thelma Irene Drive, N Kingstown, RI 02852-5621

** I am also IOWMC's Club Historian ** and would appreciate pictures from the I.O.W.M.C. Meeting in California.

Wood copy sent by Lou Vesh recieved from one of his RCMP (Royal Canadian Mounted Police friends. He got no extra but felt some of our members may try to locate one in CA.

ONE OF THE LEGENDS OF THE NAME "LOST NATION"

There are a number of stories and legends about how the town of Lost Nation received its name.

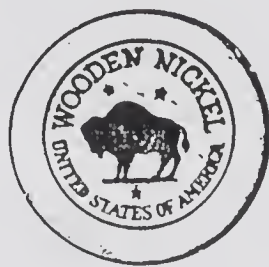

One of the stories told by an old settler was that a family living in Canada, who came to this area looking for relatives believed to have settled here. Having arrived in Maquoketa by the preceding evening, they remained there overnight and preceded on foot the next morning to look for their relatives. By noon, they had reached a farm three and one half miles north of here, where they asked for directions.

After being told that their relatives had indeed settled here and receiving directions for reaching their cabin, they searched fruitlessly until dark. The ground was virgin prairie and covered with grass as tall as a man on a horse. One of their party climbed a tree; and looking over the tall grass saw a light twinkling a short distance away. Thus the "missing" relatives were located living by a creek, fed by a spring of clear water, which was still running in 1972.

The Canadian seekers were quoted as saying "We lived on the Nation River in Canada, but you folks must live on the "Lost Nation River." It is recorded that this area was known as Lost Nation, long before the town was even built.

The town of Lost Nation issued a 5¢ black wooden nickel to commemorate their Centennial Celebration held July 21-23, 1972.

These pieces were not sold but were sent to any and all for a small donation by writing to Lost Nation Centennial, % Mr. Walter F. Hamdorf, Lost Nation, Iowa 52254, in 1972.

Above article was first published in Wood Winds, 1972.

IOWMC ISSUED SPECIAL FLAT WOOD FOR 1982 ANNUAL MEETING

PAST PRESIDENTS OF IOWMC

64/65 Wendell Morningstar	1977 Thelma Morningstar
65/66 Dr. Elmer Nelson	77/78 Earl O'Cathey
66/67 William E. Baab	75/76 Thomas S. Hudson
67/68 Thomas B. Hudson	76/77 Nathaniel R. Mack
68/69 Wendell Morningstar	77/78 M. Wayne Dennis
69/70 Clarence C. Kramer	78/79 Walter Riley
70/71 Gelvin Leeper	79/80 Stan Brown
71/72 George Parfet	80/81 Donna Streeter
72/73 Harold Anderson	81/82 Walter A. Scott

These 5½ X 3½ flat woods were issued by IOWMC for their meeting at A.N.A. held in Boston, MA.

Available are hand cancelled woods at the Convention Post Office, Boston, Mass. Price: \$1.50 plus SASE.

Also available are non-cancelled woods. Cost is \$1.25 plus SASE.

If ordering more than one piece increase postage to cover cost of the mailing.

The cancellation authenticates the meeting date and makes it a Philatelic Collectors item.

Write: Virginia Dennis, 1852 Golden Shadow Drive, Henderson, NV 89015-8620.

Also available are other woods IOWMC has issued from 1964 thru 1995. Write to above, but send SASE for all IOWMC wood listings and prices. All money goes into our treasury.

EXPLANATION OF SPECIAL DESIGN ISSUE

OBVERSE: Has the IOWMC Official Seal and list all the past Presidents from 1964 thru 1982.

REVERSE: Has the denomination of \$1, Organization's name, 18th Anniversary, Boston, MA, and 19th Annual Meeting, August 19, 1982. Geo. Washington is commemorated on his 250th Birthday. He was appointed Commander of the Continental Army, won his first victory without firing a shot, and has fortified Dorchester Heights, overlooking Boston Harbor; and the British chose to depart rather than to fight.

The Boston State House, was the most distinguished public building in the New Republic. When completed in 1798, it was most visible with its great dome; and its situation on Beacon Hill.

ISSUE #8

JAMES B. ULINE
I O W M C - R 1777
PROSPECT, OHIO

James B. Uline (Jim) was born in Marion County, Ohio on October 14, 1945. Growing up as an only child he learned to amuse himself at an early age. One of his favorite pastimes was sorting through thousands of pennies in search of those needed for a penny board. Various other interests over the years led him to begin collecting elongated and encased pennies, Civil War tokens, pre-cancelled stamps, first day covers, old picture postcards and President Warren G. Harding memorabilia. Jim became acquainted with wooden money through a friendship with Wendell Morningstar, who shares his vast knowledge of wood yet today. Jim did attend the first Wooden Money Show, but only because he was there for the adjoining coin show!

Having graduated from Marion Harding High School in 1963, Jim eventually went to work at the Marion Post Office as a letter carrier. He will be completing 30 years of service in December. He married the former Hope Buchanan on June 10, 1966 and they have two children; Heather 23 and Mitch 21. One of his bigger endeavors has been educating the kids - Heather at Bowling Green State University and Mitch at Ohio State University.

Jim's favorite piece of wood is a 1934 Shin Plaster featuring a portrait of President Warren G. Harding. He also likes his 1934 Worlds Fair issues.

After having a great time at the Fostoria Wooden Money Show this year, he hopes that the club will have another show next year.

The picture of Jim is taken in his "hobby room" where he spends all the time he can!

Some still available for \$1.00 plus 50¢ postage U.S. funds from: Sou Wester C.C., c/o Douglas Shand, Shag Harbor, Shelburne Co., Nova Scotia, BOW 3B0 Canada.

HELP - NEW EDITOR NEEDED FOR BUNYAN CHIPS
#####

After serving as editor since January 1983 editor will leave the position on January 1st, 1996. This will end thirteen yrs. for a much needed break to get his personal business in order. ANY-ONE that wishes to serve our club as our editor, Please contact President Al Bonesio, 36 Heritage Way, Torrington, CT 06790-4141 (Phone # 1-203-489-4612).

Birthday Missed for years - Sept. 28 - Donald J. Thibodeau. Lets send a belated greeting card.. Sorry Don - Editor.

Special Notice By-Laws

Anyone wishing a copy of the old by-laws of IOWMC can get them from Al Bonesio by sending a postcard. Then anyone recommending change, or comments, can do so by writing your area by-law revision committee person or send it to the president. All can take part as every member has a voice.
your President
Al Bonesio

My Remarks About Anaheim --- Submitted by: President Al Bonesio

Those attending seemed to have a good time at the meeting and the ANA browse floor. The board meeting went well, with several discussions on some matters and other items to be worked on over the next year. Five board members were in attendance. There was one important item which had much discussion and is to be studied over the next year. I will take this up in a special article.

The board voted to not change the auction or raffle at the next annual meeting and it will continue for now as in the past.

We did have an auction, some club items and some consignment items. I wish to thank Denver Howard who chaired the raffle, the Dennis's for their work on the auction. I wish to also thank Norm Boughton and Robbin Quinn for their time, effort and monies made with the Astoria, OH wood gathering endeavor.

There was a large supply of refreshments all during the board and regular meetings. Coffee, bottles of assorted juices, a large platter of sliced fruits and all kinds of bagels and pastries with cream cheese and butter. No club cost.

The other wood club had a table in the club section and welcomed all wood collectors there and there was a continuous swap. Trade and purchase of wood was fun, (one happy group and plenty of action). I had made up a supply of membership applications and left them around at dealers that had wood for sale in their coin sections.

Promoting of wood on my part: CBS Radio National coverage out of headquarters in New York City. Talking about wood with one of the top commentators, which was rare, as he as a rule doesn't conduct interviews, but simply reports. We had almost a full page in the Hartford Courant with large photo on collecting of wood. The Courant covers the state of CN and MA and NY. TV coverage was a problem, 30 second spots were very expensive and they only wanted sponsors (us) to buy ad time. Local small TV is done but poor coverage.

I will try to conduct IOWMC in as much a middle-of-the-road fashion as I can. There is one committee put together already and its members are not my direct appointments. All members are asked to write in with their remarks and suggestions. As I appoint committees I will consult them first.

Don't Forget - suggestions and remarks. Send them to me, everyone is entitled to input.. Al Bonesio, 36 Heritage Way, Torrington, CT 06790-4141

HAWAII WOODEN TOKENS KAZUMA Oyama

The two active Hawaii coin clubs along with the Hawaii State Numismatic Association (HSNA) are the main source of wooden tokens in the State of Hawaii. The HSNA's Hawaiian "Fish" series that started with number 1 at their coin show in November 1982 and ended with number 10 in May 1987 proved very popular. The current Hawaiian Endangered Wildlife series that started with number 1 at the November 1987 coin show continues to attract wide acceptance. Although the Honolulu Coin Club failed to issue a wooden token for their August 1995 coin show their past issues of the Hawaiian monarchy and famous people series pictured the Hawaiian's historical past. Even the HCC's juniors produced wooden tokens in 1988, 89 & 94. The (HSNA) and Honolulu Coin Club woods have been the creations of the Honolulu Coin Club treasurer Charlie Matsuda who is an artist by profession. He researched all the subjects, did all the art work and designs and wrote most of the narratives.

The "Big Island Coin Club" (BICC) on the active volcano island of Hawaii issued a wooden token in conjunction with their May 1995 coin show. If interested you may be able to obtain this wood by sending a stamped, self addressed envelope to the BICC, P O Box 971, Hilo, HI 96721. The first BICC wood in my collection is dated October 1974 and has a map of the island on one side and the "bust" of a Hawaiian warrior on the opposite side. The other issues that I have are dated 1979 and 1982.

The University of Hawaii Foundation pasted a wooden nickel to their solicitation letter in 1986. Calvin Minoda of Honolulu issued wooden tokens depicting milk bottle caps to advertise that he's a Hawaii milk cap collector. Honolulu Coin Club members Irvin Kam and Gary Tanaka have issued several woods. I've issued a few wood tokens of my own. Two that I am especially proud of are my 1976 U.S. Bicentennial Liberty Bell/Hawaiian petroglyph wood and my 1978 Captain James Cook Bicentennial issue. For the 1976 wood I submitted the design to the Hawaii State U.S. Bicentennial Commission and received their blessings to issue the 1st. official issue for the State of Hawaii that is now listed in the 8th edition of the "Guide Book of Wooden Money 1931/1994. For the 1978 wood I honored the island of Kauai where Capt. Cook first contacted the "Sandwich Islands". That year the Hawaii Philatelic Society had a stamp show with several Pacific island nations that issued Captain James Cook commemorative stamps having booths selling their stamps and special covers, and providing special postal cancellations for the occasion. I asked the postal clerk manning the French Polynesia booth to "stamp" a few of my wooden tokens. He handed me the rubber stamp and pad and told me to use it. I stamped about 100 tokens (50 on each side), so the wooden tokens have an over-print of Captain James Cook's face on them. Some were passed out at the show and mailed out some to IOWMC members that I was corresponding with at the time.

FIVE SISTERS - Courtesy of Euro Fishing Gear
Alongside a local pier, possibly waiting out a storm, are these classic "Eastern rig" draggers. The Charles S. Ashley (2nd. right) was built around 1926 in Thomaston, Maine by Morse Boatbuilding Corp. While laying-to on the Georges Bank fishing grounds in the early 1930's, her stem was knocked out by the stern of another dragger and she sank. All hands were safe.

Undaunted, owner John G. Murley of Fairhaven, ME as astute businessman built a new Charles S. Ashley in 1937. Like most draggers of its type in this port, it was built at the Morse yard.

Murley came to Fairhaven on Thanksgiving day, 1904, from Newfoundland, Canada. At that time, he met a Norwegian fisherman known as "Uncle John" Sater, one of the first Norwegians to settle here. Sater needed a hand on his schooner, Viking, which was fitted with a large fish-well and went live fishing on Nantucket Shoals from fall until late spring bringing live codfish to Fulton Market. Murley came aboard.

In those days, the catch was usually shipped by steamer from Nantucket to New York, or steamed to New York by fishing vessels themselves. As the fleet grew, many immigrants from Newfoundland and Norway followed the lead of Murley and Uncle John and made Fairhaven home. The port flourished throughout the forties and fifties with the arrival of men and families from Nova Scotia, Portugal, Maine and other places, also, with the establishment of Linus S. Eldridge's fish purchasing dock and facility.

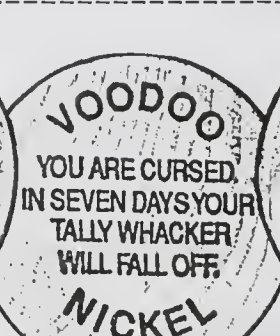

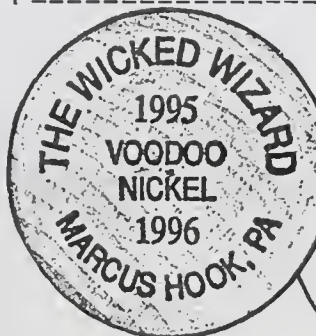

For SWAP or Free for a SASE. Address on issue.

* WOOD DESIGN REWARD *

MEMBER # R2029 Pearl Booker has posted a \$10.00 reward to the one that designs the best design for a Christmas Wood that can be used to send to a adult or child. Send your entry to: Editor Walter Scott, 413 Del. Ave., Elkton, MD 21921, they will be forwarded to our new wood chairman Bill Sneider for judging the winner.

===== PAGE # 59

SHIPPENSBURG, PA. - 134 piece set

In 1971 during the Centennial of the Shippensburg State College, Shippensburg Coin Club issued a 132 (round) piece set of wooden nickels. This was achieved by the Club's Wooden Nickel Committee Chairman, Bud Rhine. In order to promote these Centennial issues, businessmen purchased advertising on the obverse or reverse (as you wish) of the wooden dics and gave them away at their place of business. Some merchants requested a small donation to cancer, heart, or the local ambulance fund in exchange for the wooden discs.

This set was issued in six colors: brown, green, red, black, purple and blue. Each color has a Roman numeral, I to VI, on the left side and a letter on the right side of the obverse or reverse (its your choice).

In order to have a complete set, the local townspeople, collectors, or whoever wanted a set, had to spell out "SHIPPENSBURG STATE COLLEGE" in each color and series. The series are as follows: "Old Main" - brown; "Kriner Hall"- green; "Little Red School House" - red; "Ezra Lehman Library"- black; "Field House" - purple; and "Naugle Hall"- blue.

The letters on "Naugle Hall" series spell out PENNSYLVANIA; therefore, only twelve letters for the blue discs and twenty-four dics for each of the other series. Total of 132 pieces for a complete set.

There were 249,000 wooden nickels issued when the advertisements were purchased, it was for a minimum of 1000 pieces. However, some merchants re-ordered because by the end of the first week many of them were not only surprised at the activity the promotion had created, but they were out of their wooden nickels.

There were also two flat pieces issued for the State College Centennial, both wooden dollars. The one dollar-red, shows on the obverse, the college building with dates 1871-1971. The reverse shows the three different names the college was known by.

In 1871, it was called Cumberland Valley State Normal School. In 1927, the name was changed to Shippensburg State Teachers College; and in 1960 it was called Shippensburg State College, as it is known today (1971).

The blue wooden dollar, shows on the obverse a closeup view of the modernized building known as Shippensburg State College with dates 1871-1971. The reverse lists all the past presidents and principals from 1872-1971.

(This is another article that had been published before but many of our newer members may not know of this set and it is news worthy and it is a nice series of wood to have in one's collection.

LEMON TREE STUMP

Have you ever heard of the "Lemon Tree Stump" which is associated with the Sambo Coffee Chips? Have you ever acquired a Sambo Coffee Chip from Santa Barbara, CA (Sambo Square location only) with a number written in ink on it? Have you ever wondered just what it represented? The answer, in short, is this:

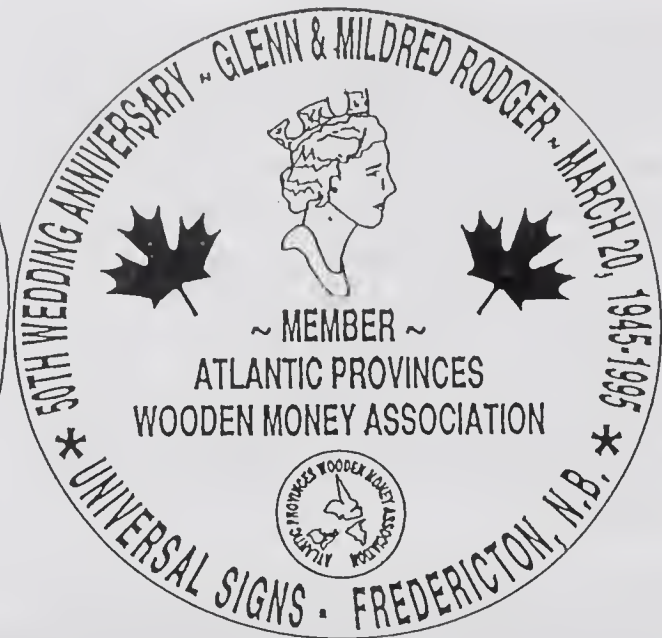

During the training period for all Sambo Managers in Santa Barbara, CA (Sambo Headquarters) they held a contest to see how many free cups of coffee would be given away during a training period. Each Manager Trainee was issued a number and he wrote this number on a coffee chip (Sambo Square) and he would distribute these coffee chips around town. At the end of the contest period, the number which had shown up predominately over the rest, was declared the winner. The Manager Trainee who had this number was presented the "Lemon Tree Stump."

This is a beautiful plaque, we have been told; and it was always a great thrill for the winner. It also served as a reminder about their days of training and that they had now begun a career as Sambo Manager/Owner.

The above story was told to Wayne & Virginia Dennis by Sambo Manager Dan Busby, 1945 South Virginia Street, Reno, Nevada during their 1972 visit; which just happened to be their 24th Sambo Restaurant they visited during a 1972, 3500 miles vacation trip.

Mr. Busby also informed them, just as a joke, he kidningly told another Manager Trainee if he wanted to be the winner of the Lemon Tree Stump, he should take a big handfull of coffee chips (with his own number) and throw them at a specific location which happened to be a gathering place for a group of individuals near and around the Northside location. This Manager Trainee went along with the joke and ended up winning the Lemon Tree Stump. Incidentally, beating Mr. Busby, who was leading up to that point.

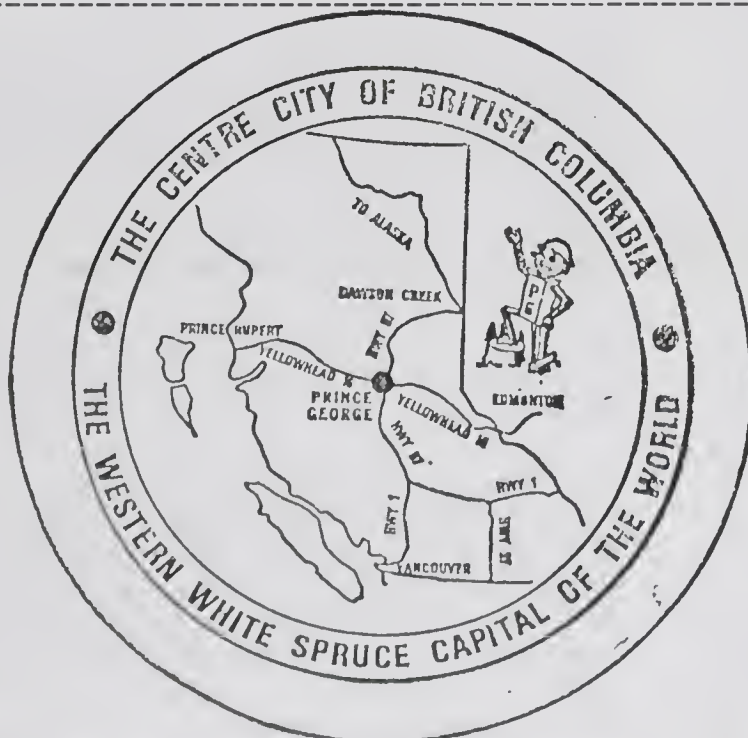

This article appeared in the Wood Winds in 1972; and those of you, who never had the opportunity to read it and who are collectors of Sambo Coffee Chips, we just thought it would be news worthy information to you.

CONGRATULATIONS TO GLENN and MILDRED RODGERS whom has their "50th Wedding Anniversary" commemorated on the "WORLD'S LARGEST WOODEN NICKEL". The Wood is twelve feet in diameter. The wooden nickel is now on display to November 15th. at the Hugh John Flemming Forestry Center at Fredericton N. B., Canada. The issue was constructed by Universal Signs R-1813.

Several of our Canadian Members attended the 1995 CNA Calgary Convention. Paul Johnson R-1278 received the top award "The J. Douglas Ferguson Gold Medal" for distinguished service to the Numismatic Hobby.

The Atlantic Provinces Wooden Money Association will meet in Fredericton, New Brunswick, Canada on October 14, 1995 at the Fredericton Inn, Trans Canada Highway at Regent Street, Room rates \$57.00 1-bed, \$67.00 2-beds, Call 506-455-1430. Wood issues can be obtained for \$1.00 each plus 50¢ for U.S. postage. From: Glenn Rodgers, 165 Phillips Dr., Fredericton, N.B. E3C 1E8, Canada.

PRINCE GEORGE, BRITISH COLUMBIA issue 3¼ inch SPRUCE DOLLAR TOKEN - by: Jerry Remick. The 1995 Spruce Dollar municipal token issued by the Prince George Chamber of Commerce is available at \$2.00 (face value) plus \$1.50 postage/handling from: Prince George Chamber of Commerce, 770 Brunswick Street, Prince George, B.C., V2L 2C2, Canada (phone 604-562-2454. (700 - 1995 were printed). The "CANADA REMEMBERS" referring to the ending of WW II in 1945 printed in blue. The reverse is in green printing. The first issue was printed in 1958 and issued one or more annually except for 1993. The 1995 issue is their 147 th.

Giant Nickel Now On Display

By SONYA VARMA

Over the decades, people have honed the strangest talents, performed the most difficult feats and produced the most unusual concoctions all for the honor of achieving the status of a Guinness world record winner. For the past week, the city of Fredericton has had the pleasure of housing one of the more unusual items to make its way into the Guinness World Book — the world's largest wooden nickel.

Presented by the Atlantic Provinces Wooden Money Association and produced by Fredericton company Universal Signs, the one-of-a-kind coin measures 12 feet in diameter and is one and a quarter inches thick. Builder Darren Johnston, who was commissioned by Universal Signs to construct the coin, said he used a three-quarter inch piece of plywood and laminated each side a quarter inch

which gave the coin its eventual thickness.

The idea to build the wooden nickel belonged to Jim Edwards of Universal Signs. However, the larger-than-life coin was intended as an anniversary present rather than a contender for the Guinness Records.

Universal Signs has for some time printed wooden money for the Atlantic Wooden Money Association, which trades and also commissions wooden nickels for special occasions such as the anniversary of a cathedral. Ten years ago, Mr. Edwards had produced a four-foot nickel to mark the 40th anniversary of friends who were members of the Wooden Money Association. By chance, the nickel was listed in the Guinness Book of World Records but was ousted from its world record position several years later when the Americans went ahead and built a

six-foot nickel.

"That's when Jimmy decided to build a 12 foot wooden nickel," explained Richard Morris of Universal Signs. "The first was built for the anniversary of Jim's friend and this one was as well. It just happens to be they get bigger and bigger."

Inscribed on the back side of the nickel are the names of Glenn and Mildred Rodger along with the March 20, 1945-95, noting the couple's 50th wedding anniversary.

The 12-foot diameter coin is split in half and attached by joints to facilitate its transportation and set-up. Currently, the giant nickel is on display in the loading dock studio at the National Exhibition Centre (NEC) and will be on site until July 16.

On Canada Day alone, 1,800 visitors came through the doors at the NEC to witness this Guinness world record holder.

SECRETARY REPORT -- 1995 IOWMC ANNUAL MEETING

The annual meeting of IOWMC was called to order by Acting President - Al Bonesio at 9:40 AM Aug. 19, 1995 in room A-14 of the Orange County Convention Center, Anaheim, California.

The first order of business was giving the Pledge of Allegiance by all in attendance followed by a silent prayer for departed members. At this point all were asked to stand and introduce themselves and state where they were from.

Ted Wolverton gave his final Treasurer Report and presented checks to be given to the new Treasurer when elected. They reported \$3026.64 from the checking account, \$2086.77 from the savings account, and \$3643.50 from the Life Membership Fund. \$100.00 was held back in the checking account for any outstanding/last minute expenses and balance will be sent to the new treasurer. Motion made and seconded to accept the report. All approved.

There was some general discussion whether the Life Membership fund should be held in a CD. No motion was made but general consensus was that the matter should be left up to the Treasurer.

Secretary Robin Quinn was not present and his report was read by acting Secretary Ken Paulsen. Motion was made and seconded to accept report as read. All approved.

Motion was made, seconded, and approved by all that the club should have an annual Christmas wood. Bill Snider was appointed to handle issuance as he saw fit. Bill was also named wood chairman for any other woods that may be issued by IOWMC.

Nancy Wilson, a former member of ANA's Board of Directors, came in and welcomed all to the Convention in Anaheim, CA.

Motion was made and seconded that the club not restore old membership numbers to dropped members who rejoin. Motion was approved by all.

Gordon Donnell announced the forming of a new Wooden Money club in northern California and invited all who so desired to. Several indicated that they had already done so.

After considerable discussion about the Constitution and By-Laws it was recommended and approved by all that a committee be appointed to rewrite/update the Constitution and By-Laws and report back to the membership at the 1996 convention. Committee members are Chairman: Al Bonesio; NW Area: Del Cushing; SW Area: Wayne Dennis; East Area: Ted Wolverton; and Central Area: Floyd Thomas.

Ted Wolverton gave a short report on the Fostoria, Ohio show and get together back in March 1995.

The next order of business was the election of officers. Virginia Dennis temporarily took the chair to ask for nominations from the floor to run against Al Bonesio. Their being none Al was elected President of IOWMC for a two year term. Gordon Donnell run unopposed for 1st VP and was duly elected. Bill Snider was nominated from the floor for 2nd VP and was duly elected. Robbin Quinn was re-elected Secretary. Their were 3 candidates for the Treasurer position; Norm Boughton; Maurina Boughton, and Virginia Dennis. Virginia Dennis was elected to the Treasurer position. For Board of Governors position, Ted Wolverton was nominated from the floor to run against Toni Cichy and Ted was elected to the Board.

A Canadian member had suggested a change in the club logo. Motion was made and seconded that the logo remain the same. Motion carried unanimously.

Their being no further business the meeting was adjourned and the raffle drawings were made, followed by a auction.

SHILLING DAY IN NEW LYME, OHIO

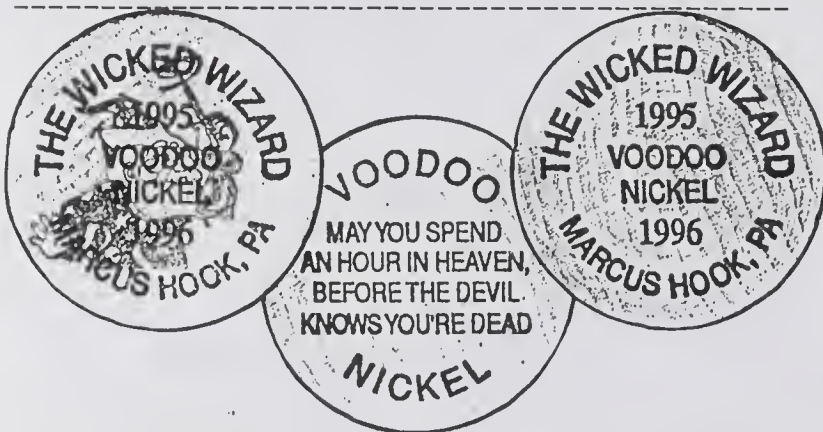

December 2, 1995 will be Shilling Day at Manners Pine Tree Lodge. At this time the Manners Family will start giving away their 1995 Pine Tree Shilling. The 1995 wood bears the dates 1925-1995 and was struck to commemorate the 70th birthday of Charles Manners.

Charles birthday was celebrated in Dec. 1994 when Channel 5, ABC, Morning Exchange Program chose to do a two-hour live on location program at Manners Pine Tree Lodge.

Connie Dicken and Fred Griffith local TV host, joined Charlie and his family around the fireplace in the lodge to talk about Christmas trees. At the conclusion of the broadcast Charlie was presented with a beautifully decorated cake.

An 18 minute edited edition of the tape is available on loan to any coin club or organization which might be interested in using the video as a basis for a program or meeting.

There is no charge for the "Pine Tree Shilling Coin - just a self addressed stamped envelope to: Charles Manners, 1141 Lake View, Rome, Ohio 44085

New issue 1995/1996 The Wood Wizard 2 for 25¢ plus a SASE. From: Bill Morphet, 3360 Chichester Ave. #A-13, Boothwyn, PA 19061

The Philadelphia Coin Club issued a Wooden Dollar to mark its 60th anniversary. The Club meets the 3rd Tues. each month at the Ardmore United Methodist Church in Ardmore, PA. The dollar features a design of a Medieval Minter striking coins. Only 500 pieces issued. Available for 2 for \$1.00 plus a SASE. From: Henry Harbage, 231 Haverford Rd. Wynnewood, PA 19096-3318

In 1994 the town of Macklin in province of Saskatchewan, Canada issued a undated wooden \$1.00 1 1/2" token valid at merchants in this town of 12000. The token sold for \$1.00 as a souvenir at the town's annual World Championship Bunnock Tournament. More woods were also printed for the 1995 event held Aug. 5-7.

The game of Bunnock consist of 52 bones. The 8 heaviest are marked as throwers while 4 more are marked guards. The rest are soldiers. The guards & soldiers are equally divided, then set on level ground in 2 straight lines, 10 meters apart. Two teams of 4 players try to knock down the opposing teams bones with the throwers. The guards must be knocked down first. The team which knocks down the opponent bones first is declared the winner. The game originally used bones of dead horses. It was developed in early 1800's by Russian soldiers posted in Siberia.

The token is available for \$1.00 plus \$1.00 for postage from: Ron Rogal, 314 Trent Court, Saskatoon, Sask, S7H 4V5 Canada. (blue print)

ANOTHER RARE ONE

From the State of Washington, the city of Issaquah, came a wooden bond. The American Rehabilitation Bond issued in 1932, in lawful money, of the United States. A few of these filterd down to Southern California some years ago; and I quote from the bond itself.

"These bonds were not issued for the purpose of constructing civic plazas in the Chilean Andes, or the stabilization of the Honduras coffee bean, or the establishment of adult playgrounds in Czechoslovakia, or reducing the bonded indebtedness of Germany, but for immediate assistance in rehabilitating unemployed American citizens."

"These bonds are transferable and are guaranteed to weather any and all bear onslaughts. They are quoted at 25¢ in United States Currency and they bear 100% human interests."

"As we know, Utility, City, State and Government banks face a sinking market. To assure floatation, these bonds are issued of wood."

"Those who purchase bonds of this issue, from someone less fortunate than themselves, do so from the goodness of their hearts, as an investment of mankind. May their dividends be a thousand fold." -- (unquote)

These bonds were issued and sold by unemployed men and women of the Great North-west as souvenir receipts bonding their pursuit of life and happiness.

The bond is approximately 7" X 9½" and would take up a complete page so that is why we have no picture. If the picture was reduced, you wouldn't be able to read the printing.

This bond has a catagory all of its own; but it is wood and after all that is what we collect.

(Article taken from the Wood Winds in 1971 from their monthly bulletin.)

+++ MEMBERS FOR MEMBERSHIP +++

As your President I am inclosing a membership application in just about every piece of mail I send out. Try it. I will supply you the amount you may want, send me a card. Sign up a new member in 1996.

Enclosed you will find a application for a starter.

+++ SPECIAL REPORT +++

When attending a show of just about anything the last part of Sept. and was very surprized to find Sally Kirka there. Talked with her for an hour and find she is slowly improving and has to use a walker.

There was a rumor around that someone had a rare round piece of wood but, I did not locate it.

I am looking for this WACO GUN 1956-1966 wood I received it in an open (damaged) piece of mail. Broke and missing parts. Will pay \$2.00 plus postage for another wood. Write to: Al Bonesio, 36 Heritage Way, Torrington, CT. 06790-4141

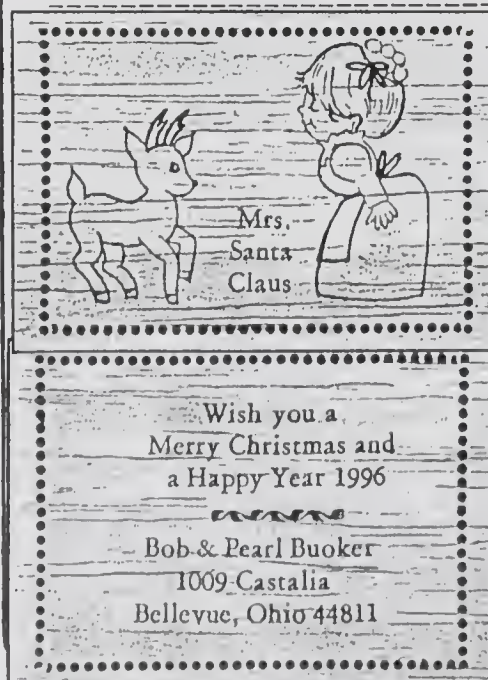

Albert Bonesio -- President

+++++

Thanks: To the members that sent in port-their portraits for future issues of Bunyan Chips. It sure is nice to have them on hand for future issues.

Once again all of your Christmas issues will be shown if sent to your editor Walter Scott, 413 Delaware Ave. Elkton, MD. 21921 Please let us know if for swap, sale, for a SASE., etc. Clear copies also usable. The oblong mostly reduced in size to save space.

Editor - Scotty

Pearl L. Buoker

really enjoys

Holidays

She spreads the joy to many Friends, children and many that may cross her path. with elongates, cards, & notes woods round & flat

I receive letters asking how the clubs mail bid works and how to enter bids. Most mail bids are the same to enter. The IOWMC bid works like this. Look over the listing you receive and pick out the woods that you would like to have in your collection. The listing has a description of the wood in the lot number. Some lots may contain a price with letters m/b (minimum-bid). A m/b is set by the person consigning the woods and is the lowest he is willing to sell the wood for. If you want it you must bid at least that much. List the lot numbers of the woods you want and a bid for each lot. On closing date of the mail bid I sort the bids by lot numbers and the highest bid on each lot wins. I mail all lots to each winner and include a bill for the total plus instructions to add postage that shows on the package, Send no money with your bids.

WHAT IS A LOT? A lot is usually a single wood but may be a set of more like the some wood with an Indian and a Buffalo reverse. The lot may contain several colors of the same wood. Some lots contain several hundred pieces. My description tells how many woods are in the lot

HOW MUCH TO BID? This depends on how much you want the lot and how much you can afford to spend. After the sale is over I send back your bid sheet and list the amount that the lots sold for. This way you will see what the highest bid was on the wood and you can adjust your bidding accordingly. If the lot is woods that you want a little bit, bid a little. If it was a lot that no one else wanted then you may win it. If you get it then good you got a bargain.

DESCRIPTIONS. I try to describe the lots as well as space and my knowledge allows. Sometimes my description may not be clear enough as a variety of a wood exists. Feel free to ask questions about a lot. Tell me you only want to bid if Indian is facing left or if he is standing or something like that.

IF YOU HAVE ANY MORE QUESTIONS, FEEL FREE TO WRITE AND ASK.

Clinton B. List, RR#2 Route 6, Eastham, MA 02642

WILLIAM MORPHET

IOWMC #1198

BOOTHWYN, PA.

I was born in the Chester, Pennsylvania Hospital on the first day of September, 1937. Graduated from Marcus Hook Junior High School, Ridley Park High School, and attended Drexel Institute of Technology in Philadelphia for 2 yrs. Served in the U.S. Air Force for 8 years. I was stationed Texas, Virginia, Ohio, Oslo Norway, and Colorado. I was stationed in Columbus, OH during the Cuban Missile Crises. Although I was a draftsman illustrator, spent thirty hectic days guarding B-47 bombers on a cold windy air field.

After spending 2 years in OH, served with NATO in Oslo, Norway, (Head quarters Allied Forces Northern Europe) for 5 years. I can still draw a map of Norway with my eyes closed. Loved everything about Norway except the weather. They have 7 months of winter and 5 months of bad skiing. After Norway, was stationed in Colorado Springs, CO. for 6 months. In 1968, I became a Civilian again. After trying out four jobs, I worked in the water treatment field for 18 year. I'm now semi-retired. Just may have to go back to if money runs out before 62.

As a boy started collecting stamps and coins. When returning home from the Air Force, started collecting coins again. My favorite coin was the buffalo nickel. I still have my coins, but now they are just sitting in a safe deposit box. In 1975 I discovered Wooden Nickels. It was love at first sight. Believe in having fun with a hobby, and Wooden Nickels are a lot more fun than coins. Issued my first Wooden Nickel in 1976 and took the handle of "Buffalo Billy." Many Wooden Nickels were issued for the Bicentennial and I have most of them. It was a good year for Wooden Money collectors. In 1983, I issued the first Scrooge Nickel. I took the handle of "Uncle Scrooge." Uncle Scrooge got mad in 1989. The U.S. Postal Service was always breaking his wooden nickels. Uncle Scrooge decided to do something about it. He issued the first Original Voodoo Nickel Cursing the Mailmen Who Break Wooden Nickels. Decided Uncle Scrooge was not nasty enough to issue Voodoo nickels. So then took the handle of "The Wicked Wizard." Some people may not appreciate my sense of humor, but to each his own!

Members finding errors in there birthday and or anniversary dates listed in club newsletter, please send corrected information in with your dues payment. Will see that these are corrected with editor.....

I've accepted the job as Chairman of the membership committee. Once the committee is posted in Chips, I would like to have the membership write any of us with their view's, and or idea's for bringing about the improvement of our club membership. Thank You-----Robbin Quinn #1712

Looking to buy or swap for coin club, festival, and event wood issues. Please write and I will return your postage for contacting me. Also, woods with a ship one them is needed to complete a display I'm making.-----Robbin Quinn

International Organization of Wooden Money Collectors President's Award

For Service and Contributions to the Organization

PRESIDENT

YEAR

YOUR PRESIDENT to Award those whom contribute to the betterment of I.O.W.M.C.

1st. to recieve:
Norman Boughton
Maurina Boughton
Denver Howard
Robbin Quinn
John Lawrence

These were the onesthat made the Fostoria, Ohio gathering and fund raiser event possible.

YOU CAN earn one also for any outstanding effort for our club.

Al O. Bonesio - President

Just recieved word of the loss of one of our Canadian members Howard F. Harris, IOWMC # 1405 passed away November 1, 1995. Howard and his wife Grace will be remembered by the many nice Christmas wood issues over the years.

As your President have been busy familiarizing myself with workings of the club and making a all out effort to establish good committees. To date have a nice group to fill the Membership Committee, the Librarian/Historian, but still working to fill the Nominating, New Issues, Awards, and Special Events Committees. As soon as ones found a complete listing will be published. Scotty reported he'd paid the Bulk Rate till May 5th 1996 so would try to do his best to issue Bunyan's Chips until it runs out. Please consider being IOWMC Editor??

It would be great if our club could have another gathering in 1996 as was held last year at Fostoria, OH. Note we now have 42 members in OH and only 2 away from outdoing PA. Anyone whom would like to set up a Wood gathering Please contact me.

The Proclamation Certificate presented to our club by the City of Fostoria, OH. for the gathering there, was to large for our History Book so has been framed if ever a museum of Wooden Money is ever established.

Anyone receiving a postcard with a request, PLEASE return it with or without comment that it can be added to my file for future reference, Thanks in advance.

Wood items can have good or bad news, as the Wooden Nickel Cafe in East Windsor. CT. gained poor publicity when a drug bust was made in it and 3 men were arrested by police. Won't overlook the report of a Woodpecker delaying a space shuttle flight after he pecked 135 holes in the insulation of a holding tank.

Sincerely hope that all our members had a very nice Thanksgiving and that many plan a Christmas wood issue. Please let editor know if for swap, each pay own postage or for sale amount or SASE.

IOWMC PRESIDENT - AL Bonesio

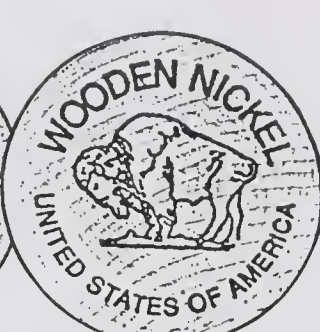

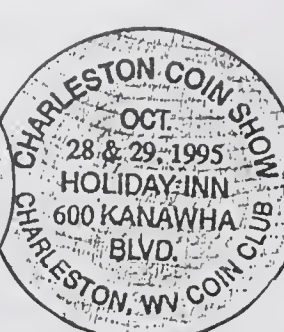

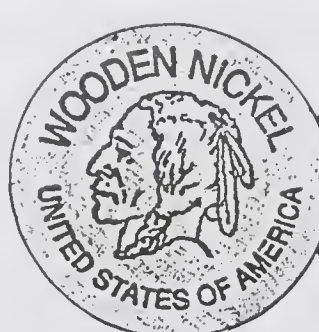

ELYSBURG VETERANS HOMECOMING

In the autumn of 1919, the first of the troops from Ralpho Township were back from the First World War. Citizens were over joyed to see the safe return of their military. A celebration took place that same year, known then as the "All-Home-Day." The affair was held at the I.O.O.F. grounds on south market st. that same year. Elysburg citizens served a picnic and dinner free to their returning military as the high-

light to the celebration. This has been held every year, on or about Labor Day. In 1925, land was donated by Mr. and Mrs. John J. Lewis, to be used as a park. The committee for All-Home-Day voted to move the yearly celebration to it's present location. In August of 1969, with the 50th anniversary of All-Home-Day, a special plaque honoring all military personnel from Ralpho was dedicated. This plaque was placed near the flag pole at the entrance to Ralpho Park. During which, there were commemorative books, a commemorative medallion, and a special First Day Cancellation from the local Post Office. In 1970, during the 51st anniversary, a three piece wooden flat set was produced by Elysburg Specialty Shop. The and back of each showing the plaque and it's wording as on the plaque in the park. The issues of 5¢, 10¢ and 25¢ were printed in colors of blue/black, green/black, and red/black. In the following year the colors of purple, green, and red were used on the flats. Each year a three piece set was issued untill 1987. The round wooden nickels was first issued along with the flat set in 1978. These issues show no value, and are printed yearly in black, but for the round of 1981 that was green. The Specially Print Shop has printed many wooden post cards for different years of the annual celebration, as well as wooden post cards for businesses in and around Elysburg. Starting in 1981, an auto show was added to the festivities, there as well have small wooden flats printed yearly. They have no value, and are not wooden money by collector's standards, but for anyone who loves old cars, there a worth while item to collect. Today as was done in 1919, the citizens of Ralpho Township honor all past and it's present military members with the free meal, and a full weekend of festivities.

A lot of personal issues including numerous holiday and postal cancellations, as well as some wood clubs issues, are in some of our members collections that originated in Elysburg, Pennsylvania.

YMCA BUILDING, 1892

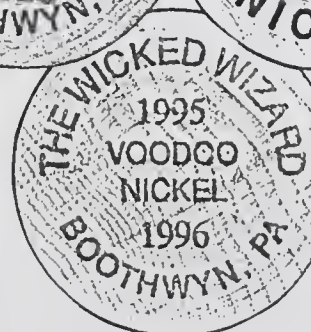

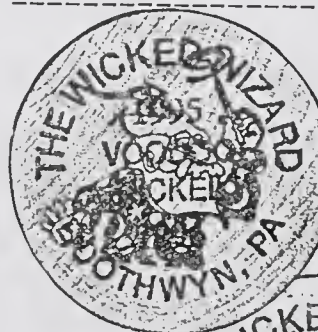

The YMCA in New Bedford, MA. was founded in April 1867 to assist the hundreds of men returning to New Bedford after the Civil War only to find no jobs available for them. The organization set up a job finding service for the Civil War veterans and a center for these men to gather instead of hanging in the streets or saloons. For many years the YMCA was located on the second floor of a building on the corner of Union and purchase streets. Its first building, shown here, on the corner of Williams and Sixth streets, was dedicated on December 12, 1891.

Between 1890 and 1916 the YMCA ran a night school to train men in skilled work, and it also held "Americanization" classes for immigrants. These services were later taken over by the school department. In 1912 the YMCA became the first place in town where one could learn how to drive an automobile. It also offered classes in Portuguese. During the world wars the YMCA had special programs for service-men and veterans and later for Coast Guardmen whose ships were laid over in the harbor.

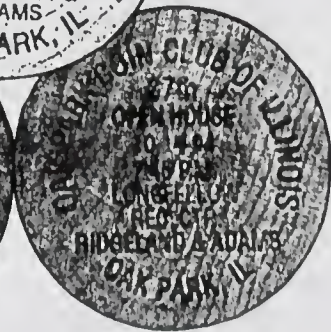

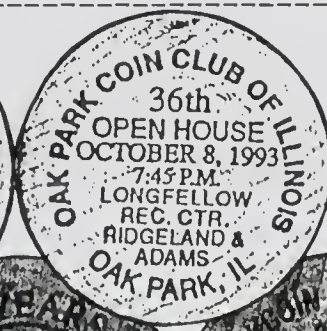

A new YMCA building was built on Water Street in 1972, and the old building was torn down. Photograph from New Bedford illustrated, 1992.

The Charleston C.C. 1995 Show Woods are available for 50¢ per set of two plus a SASE. Some prior year sets of 2 are still Available at 50¢ per set plus a SASE. Write: Donald K. Clifford, P O BOX 65, St. Albans, WV 25177

THE STORY OF WOODEN NICKELS

On December 5, 1931, the Citizen's Bank of Tenino (*pronounced 10-9-On*), Washington failed and created a shortage of money. The Chamber of Commerce decided to issue scrip money to use until the shortage was over. Some of this scrip was printed on rectangular pieces of "slicewood". In 1933, Blaine, Washington issued round wooden coins when their bank failed. These were the first issues of wooden money in the U.S.

Collecting wooden nickels is a thriving and interesting hobby. The clubs and publications dedicated to the collecting of wooden money and wooden nickels are:

REVA M. KLINE

I.O.W.M.C. # R - 1710

CAMILUSS, NEW YORK

Reva Kline was born in Weedsport, New York and attended Weedsport Central School, Genesa Collage and Powlsen Business Collage. Reva is a bank employee in Camillus, NY. which is a short distance from Syracuse.

She has been active in many organizations. Her list of activities looks something like this:

- (1) Past President of Syracuse Numismatic Association
- (2) Founder and President of Numismatic Coin Club of Camillus, NY.
- (3) American Numismatic Association member since 1974
- (4) Past President of ESNA (New York State organization).
- (5) Honorary Member of Leicenter Coin and Metal Society, England.
- (6) Member Old Time Assay Commissioners, (appointed by President Nixon to serve on the Assay Commission).
- (7) Board of Dirrectors TEC (Elongated coin collectors club)
- (8) Past Matron of Brutus Star Chapter, Order of the Eastern Star
- (9) Outstanding Service Award by Syracuse Numismatic Association

Besides collecting Upstate New York and Political woods she collects error coins; with capped dies being the feature of her collection.

Reva is another of our very interesting and most active of our IOWMC members.

Virginia H. Dennis
IOWMC Treasurer

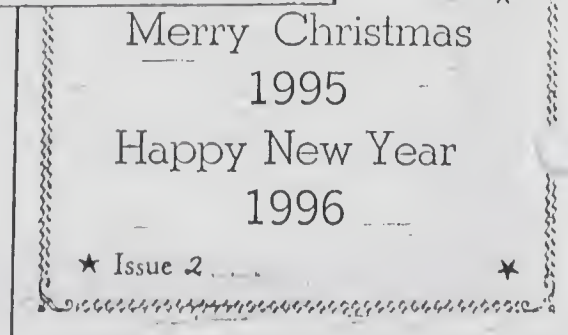

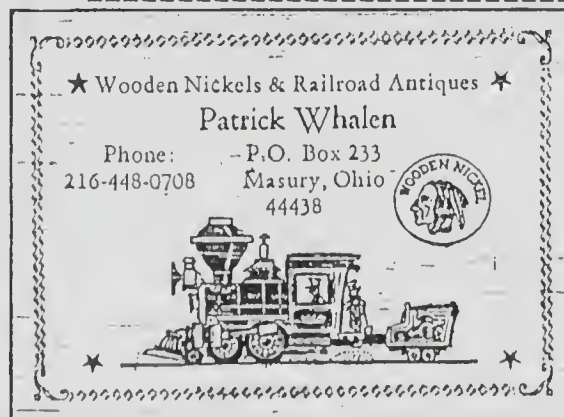

NOTICE TO THE MEMBERSHIP

Please send your 1996 dues to the Secretary, Robbin Quinn.. This will save time and expense to the organization. A few of the members have sent their dues to the Treasurer, which only prolongs the time when you receive your new membership card, as the Treasurer must forward your letter to the Secretary. Robbin Quinn's address is 5295 Beechwood Road, Ravenna, Ohio 44266-9119. Thank you for your cooperation.

8th Edition of Wooden Money Book is available. This updated book has been asked for and now is available by writing M. W. Dennis, 1852 Golden Shadow Drive, Henderson, NV 89015-8620. Cost is \$15.00 plus \$3.00 postage.

Le Petit Cafe issue (red) 2 for 25¢ plus a SASE. From: Bill Morphet, 3360 Chichester Ave., Apt. A-13, Boothwyn PA. 19061 (The restaurant was purchased by: Bill Morphet's nephew & wife - they needed a boost in publicity so Bill issued woods as a gift to help them out.)

PRESIDENTS MESSAGE ----- I wish to thank all those that have agreed to serve on I.O.W.M.C committees, but there is a few more members that need to say yes and help. It is your club and all must endeavor to help to make it go.

There is one thing I would like to see take place in (96) that is for every member to endeavor to issue a round or flat wood, even if it is only a few. Our hobby needs more issues to make collecting more interesting. Would like to see some members hand paint some wood, even if only a few. Will make a deal; any member willing to try, President will supply 20 blank round woods at no charge if requested.

The New Year will most likely be here when you receive this issue of Chips and it is sad to have some members pass on and many ill and our hearts go out to all. Any member knowing of a member passing on or ill please notify the Editor of "Chips".

Read your News-Letter and if you have any comments or remarks for betterment of IOWMC send them to me or any of the officers.

I have been working to get youngsters into collecting wood, but find it is very hard to compete with sports cards. The reason for this is big business and the manufactures with big dollars for advertising, and dealers at collectors shows. Go to a show with coins, post-cards, salt & pepper shakers, sport cards etc. You may find at the sports card booth a big name sports player signing his card for \$10 or \$20 dollars and kids are lined up. Can't we interest them in wood ??

When I go shopping or to banks or doctors, I carry a pocket of Holiday woods and hand them out, many have never heard of wooden nickels.

Thanks to the many that have written, due to being about 50% paralyzed hands and legs endeavor to do my best and most days spend about 4 hours on wood related work. All letters mailed out or received are filed that will be passed on to the next President.

KELLEYS ISLAND CENTENNIAL

The first recorded settler on the Island was a frenchman by the name of Cunningham. He built his home in 1810, on property owned by the Connecticut Land Company. The Island became known as Cunningham Island. In 1833, part of the Island was purchased by two brothers, Datus and Irad Kelly of Cleveland. By 1840, they purchased the entire 2,800 acre Island, the later purchase at \$1.50 per acre. Upon this they changed the Island to Kelleys Island. Wood was the major resource on the Island, supplying boats from the first dock built in 1834 on the south shore. The economy grew steadily with the building of the sailing vessel, "The Number One," and in 1846 the steamboat, "The Islander". Both ships were designed to carry passengers and cargo. During 1842 the first grape cuttings were introduced and within a few years several vineyards were planted. In 1872, wine production was recorded at 126,000 gallons from 650 acres. Due to this new market and that of fishing and farming, about 850 people now made there life on the Island. The faltering prices of grapes and the insurgence of n efficiently transported, California wines, made marketing more difficult so giving way to a new economic strength - Quarring. During the later part of the 19th century, limestone became an architecturally priced building material. This was used from New York to Chicago, and shipped by schooners and barges, giving way to the great 700 foot steamers of that time. Today, tourism sustains the almost 200 year round population on Kelleys Island. Recreation, sport fishing, and vacationing families come yearly. With many Islands attractions, and it's location, the number grow each year.

In 1987, a centennial was held for Kelleys Island. Wooden nickels were issued by the Chamber of Commerce on Kelleys Island. These woods are still available at \$1.00 each, and a second wood was printed some time after the centennial, and they ask that these go for \$1.00 also. You can order your woods by contacting the Kelleys Island C of C, P O BOX 783, Kelleys Island, OH 43438.

(Submitted by: Robbin Quinn)

NOTE: The newly formed CA. "Western Wooden Money Club" will hold their third meeting Saturday, January 20th., 1996 at 12 noon at the San Jose, CA. The Soloing Koa'e Kea

By C. Matsuda

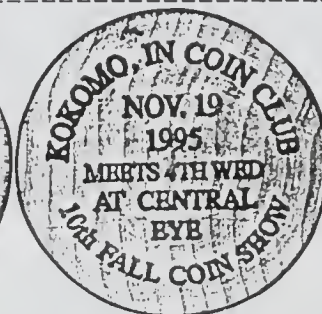

The seventeenth issue of the Hawaiian Endangered wildlife token depicts the graceful gliding White-tailed Tropic Bird (*Phaethon lepturus doro thease*) better known as the Koa'e Kea in Hawaii. Often seen during the breeding season from March till October on all the main islands of Hawaii. They nest on the high barren cliffs like along the sea coast of Mokolii Island (known as Chinaman's Hat) on the windward side of Oahu. The Koa'e Kea are white in color with a beautiful long white tail. They have black eyes with a yellow bill. An attractive bird to watch as it glides through the Hawaiian skies.

The reverse of the wood is the sweet fragrant Yellow Ginger. Brought here from Asia, probably by the Chinese, they are used for lei making. It has a sweet enchanting and romantic perfumed like scent. The scientific given name is *Hedychium* which means "sweet snow" because of its white color and smell. The ginger grow wild in the lower rain forest during the summer spreading its sweet fragrance all over the rain forest. However, the plant can be a nuisance because it grows uncontrollably wild, destroying the ferns and other native plants.

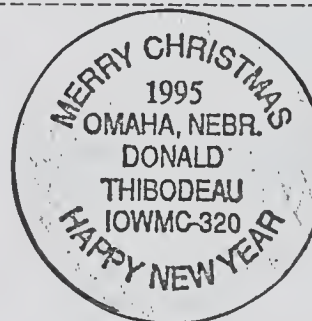

To order this latest wood, send a stamped self-addressed envelope and fifty cents for each token requested to: **Honolulu Coin Club, P.O. 6063, Honolulu, Hawaii 96818.**
